re: Waste Licence Review Application in respect of Killarney Waste Disposal Ltd,
Aughacurreen, Killarney, Co. Kerry

Dear Mr Walsh,

I refer to your letter dated 18 November 2015. In particular I note your request for a meeting with the Agency. In fact we have had two meetings on this application – in May 2014 at EPA HQ in Wexford and in June 2014 by telephone conference – and the matters in hand have remained unresolved. I am also aware (in outline) because you have told me on the telephone of the applicant's plans for another waste facility that is intended to alleviate certain pressures and address certain issues at the licensed site. It is not clear however how this will address the question of IED-licensable activities being carried on and the lack of planning permission at the licensed site adequate to cover the activities the subject of the licence review application.

It would be preferable to see your proposals in writing and to take some time to consider your submission. I would appreciate a response from you no later than 27 November after which time a recommendation will be prepared, if this proves necessary, for the Agency's consideration.

Yours sincerely,

Brian Meaney
Environmental Licensing Programme
