Waste Management (Collection Permit) Regulations, 2001

WASTE COLLECTION PERMIT

Permit Register Reference Number 033/OY/18/02

NOTIFICATION OF DECISION ON APPLICATION FOR A WASTE COLLECTION
PERMIT

Applicant: Atlas Environmental Ireland Limited

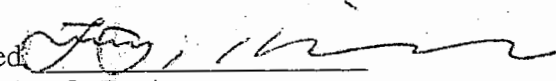

Address: Clonminam Industrial Estate
Portlaoise
Co Laois

Notification is hereby given that by Order dated 31st July 2002, Offaly County Council has decided to grant a Waste Collection Permit to the above named subject to the attached schedule of five conditions and four appendices.

The permit holder is authorised by this permit to collect specified waste type(s) in the following local authority area only:

Laois, Longford, North Tipperary, Offaly and Westmeath

The permit holder may appeal the conditions attached to this permit, in accordance with Section 34(9)(a) of the Waste Management Act, 1996, to the Judge of the District Court, for the District Court district in which the principal office of the Council is situate, within one month of the date of this notification.

Signed 
A.O. Environment

Date

31 JUL 2002

REASON FOR THE DECISION

Offaly County Council is satisfied, on the basis of the information available, that subject to compliance with the conditions of this permit the activity will not cause environmental pollution and the grant of this permit is in accordance with the provisions of the Waste Management Plan for the Midland Region and the National Hazardous Waste Management Plan.

In reaching this decision, Offaly County Council has considered the application and supporting documentation received from the applicant, and all submissions received from other parties.

INTERPRETATION

Act	The Waste Management Act, 1996, as amended.
Activity	A waste collection activity for the purposes of Section 34(1)(a) of the Act.
Agency	The Environmental Protection Agency (EPA) established under Section 19 of the Environmental Agency Act, 1992.
Collection	The gathering, sorting or mixing of waste for the purpose of its being transported, and includes the transport of waste and the acceptance of control of waste.
Commercial Waste	Waste from premises used wholly or mainly for the purposes of a trade or business or for the purposes of sport, recreation, education or entertainment but does not include household, agricultural or industrial waste.
Construction and Demolition Waste	All waste that arises from construction, renovation and demolition activities, including all wastes mentioned in Chapter 17 of the European Waste Catalogue.
Disposal	Includes any of the activities specified in the Third Schedule of the Waste Management Act.
End-of-Life Vehicles	A vehicle which is waste within the meaning of Article 1(a) of Directive 75/442/EEC on Waste.

Environmental Pollution	The holding, transport, recovery or disposal of waste in a manner which would, to a significant extent, endanger human health or harm the environment, and in particular – (a) create a risk to waters, the atmosphere, land, soil, plants or animals, (b) create a nuisance through noise, odours or litter, or (c) adversely affect the countryside or places of special interest;
European Waste Catalogue	A list of wastes (including the Hazardous Waste List) established, pursuant to Council directive 75/442/EEC on Waste, by Commission Decision 94/3/EC and which has been replaced since 1 st January 2002 by Commission Decision 2000/532/EC (as amended by Commission Decisions 2001/118/EC and 2001/119/EC).
Further Information	Information and particulars received pursuant to a notice under article 9(1) of the Waste Management (Collection Permit) Regulations, 2001 (S.I. No. 402 of 2001).
Green Waste	Vegetable waste from gardens and parks, tree cuttings, branches, grass, leaves (with the exception of street sweepings), sawdust, wood chips and other wood waste not treated with heavy metals or organic compounds.
Hazardous Waste	As defined in Section 4(2)(a) of the Act.
Household Waste	Waste produced within the curtilage of a building or self-contained part of a building used for living accommodation.
Industrial Waste	Waste produced or arising from manufacturing or industrial activities or processes.
Maintain	Keep in a fit state, including such regular inspection, servicing and repair as may be necessary to adequately perform its function.
Mechanically Propelled Vehicle	A vehicle intended or adapted for propulsion by mechanical means.
Municipal Waste	Household waste as well as commercial and other waste which, because of its nature and composition, is similar to household waste.

Recovery	Any activity carried on for the purposes of reclaiming, recycling or re-using, in whole or in part, the waste and any activities related to such reclamation, recycling or re-use, including any of the activities specified in the Fourth Schedule of the Waste Management Act.
Skip	A container used for the storage or removal of builder's materials, rubble, waste, rubbish or other materials and which is designed to be transported by means of a mechanically propelled vehicle.
Source Separation	Taking steps in a systematic manner for the purpose of separating specified waste types from other waste materials and the holding of such waste so separated prior to its collection, recovery or disposal.
Treatment of Waste	Includes any thermal, physical, chemical or biological processes that change the characteristics of waste in order to reduce its volume or hazardous nature or facilitate its handling, disposal or recovery.
Waste	Any substance or object belonging to a category of waste specified in the First Schedule of the Waste Management Act or for the time being included in the European Waste Catalogue (EWC) which is discarded or otherwise dealt with as if it were waste.
Waste Collection Permit	A permit issued by a local authority in accordance with the Waste Management (Collection Permit) Regulations, 2001 (S.I. No. 402 of 2001).
Waste Licence	A licence issued by the Environmental Protection Agency for a waste facility in accordance with the Waste Management Act.
Waste Permit	A permit issued by a local authority for a waste facility in accordance with the Waste Management Act.

Conditions

1. Scope of Permit

- 1.1 The permit holder may collect the wastes specified in condition 1.2 in the local authority areas of Laois, Longford, North Tipperary, Offaly and Westmeath.
- 1.2 The permit holder may collect the waste types named in Appendix 1 only, unless otherwise agreed in writing in advance with Offaly County Council (as the nominated authority), subject to the general conditions of this permit and the conditions for specific waste types contained in the Appendix 2 to this permit:
- 1.3 The conditions of this permit are based upon the information provided by the applicant during the application process. The permit holder shall notify Offaly County Council in writing of any changes in the information furnished within four weeks of any such change arising. The Council shall determine if the change is material or not and if a review of the permit is required or not.
- 1.4 Offaly County Council may at any time review, and subsequently amend the conditions of, or revoke this permit. Offaly County Council shall review this permit at least once in each period of two years after the date on which the permit was granted or last reviewed, as the case may be.
- 1.5 This permit and any condition imposed therein shall not relieve the permit holder of his statutory obligations under any other enactment whatsoever.
- 1.6 This permit is non-transferable.

2. MANAGEMENT OF THE WASTE COLLECTION ACTIVITY

- 2.1 The permit holder shall ensure that where waste collected under this permit is transferred to a facility for the purpose of a recovery or disposal activity in respect of which section 39(1) of the Waste Management Act, 1996 applies-
- (i) there is in force a waste licence or a waste permit in relation to the carrying on of the activity concerned at that facility, or
 - (ii) an application for such licence or permit has been made to, and is under consideration by, the Agency or relevant local authority and the activity concerned may be lawfully carried on pending a decision in relation to the said application.
- 2.2 The permit holder shall transport waste to the licensed or permitted facilities outlined in the original application for the waste collection permit, as amended, and to no other facilities whatsoever, subject to condition 2.3 below.
- 2.3 If the permit holder proposes to use disposal or recovery facilities other than those permitted or licensed facilities indicated in the original application for the waste collection permit, as amended, the permit holder shall, a minimum of two weeks prior to use of these facilities, submit the following details in writing for the written agreement of Offaly County Council:
- a) Origin of waste material.
 - b) Description of waste (including EWC code).
 - c) Location, ownership details, and contact number of the disposal facility.
 - d) Waste permit or license details of the disposal facility.
- 2.4 The permit holder shall carry or cause to be carried a copy of this permit at all times, on each vehicle used for the collection of waste.
- 2.5 The permit holder shall not export waste from the State unless such export is fully in compliance with the requirements of Council Regulations (EEC) No. 259/93 of 1 February, 1993 on the Supervision and Control of Shipments of Waste within, into and out of the European Community.
- 2.6 The permit holder shall be familiar with the requirements placed on holders of household or commercial waste arising from any bye-laws made under section 35 of the Waste Management Act, 1996 by the local authorities in whose area the collection activity is being carried out, and shall keep a copy of all such bye-laws at the address of the principal place of business.

- 2.7 Where bye-laws referred to in condition 2.6 have been made by one or more of the relevant local authorities, the permit holder shall not collect waste from holders unless it has been presented in accordance with the requirements of the bye-laws in force in a particular local authority area.
- 2.8 The permit holder shall identify all hazards associated with the waste being collected, and shall be familiar with best practice regarding its safe movement and handling and shall adopt all necessary, reasonable and practicable safety measures accordingly.
- 2.9 The permit holder shall submit as part of the first Annual Environmental Report (AER) a documented Emergency Response Procedure, which shall address any emergency situation that may arise. This procedure shall include for an emergency response unit, replacement vehicles, clean-up equipment, etc in order to minimise the effects of the emergency on the environment.
- 2.10 The permit holder shall ensure that all operatives employed in the waste collection activity are familiar with the conditions of this permit.
- 2.11 Any spillage of waste, which occurs in the course of the collection operation, shall be cleaned up immediately.
- 2.12 The permit holder shall develop a docket system for recording waste collection. The individually numbered collection dockets shall as a minimum contain the following details:
- a) Date and time of waste collection;
 - b) Origin and quantity of the waste collected;
 - c) Shall be signed by the producer of the waste, or his representative (except in the case of bag or wheeled bin domestic waste collection);
 - d) Description of the waste collected (including EWC code for commercial, industrial or hazardous waste);
 - e) Destination of the waste collected;
 - f) Shall be signed by the receiver of the waste;
 - g) The docket shall be available for inspection in the vehicle until control of the waste has been handed over to the operator of the permitted or licensed facility. After that time, the dockets shall be retained at the principal office of the waste collector for a period of three years.

EWC code
will have
to be on
docket.

3. VEHICLES, SKIPS AND RECEPTACLES

- 3.1 All vehicles used by the permit holder for the collection and transportation of waste, shall be fit for purpose and maintained in accordance with the manufacturers' recommendations. OK
- 3.2 All vehicles used for transporting waste shall be washed down as required in an appropriate manner and at an appropriate facility such as not to result in environmental pollution if the vehicle is subject to gross soiling. OK
- 3.3 Each skip, tanker or container used for the collection of waste shall be marked on at least two sides with the following information in clearly legible indelible lettering at least 50 millimetres high:
- (a) Name of the permit holder;
 - (b) Telephone number of the permit holder;
 - (c) A unique identification number for the skip, tanker or container.

For inspection purposes only.
Consent of copyright owner required for any other use.

4. NOTIFICATION AND RECORD KEEPING

- 4.1 The permit holder shall notify Offaly County Council in relation to any conviction for an offence prescribed under article 19 of the Waste Management (Collection Permit) Regulations, 2001 or any requirement of an order under sections 57 or 58 of the Waste Management Act, 1996, within fourteen days of such conviction or the imposition of such a requirement. OK
- 4.2 The permit holder shall notify the relevant local authority (i.e. the authority in whose functional area the incident occurs) immediately after the occurrence of any incident connected with the waste collection activity which caused or has the potential to cause environmental pollution or a threat to human health. The permit holder shall include as part of the notification the date and time of the incident, details of the incident, and steps taken to avoid a recurrence. A written record of the incident shall also be sent to Offaly County Council if different to the relevant local authority.
- 4.3 The permit holder shall maintain records at the address of the principal place of business of the quantity (tonnes or litres) of each consignment of waste collected, its origin and destination, and from this information shall maintain up-to-date monthly records of waste collected which shall include:
- a) The quantity of waste collected in each local authority area, categorised as household, commercial or industrial waste;
 - b) The quantity of waste delivered to each recovery facility used.
 - c) The quantity of waste delivered to each disposal facility used.
 - d) The quantity of waste delivered to each transfer facility used.
 - e) The quantity of waste directly exported for recovery and its destination.
 - f) The quantity of waste directly exported for disposal and its destination.
 - g) Details of any waste consignment rejected by any facility, and its eventual disposal route.
 - h) Details of commercial or industrial waste producers from whom waste was collected.
- 4.4 The records maintained by the permit holder in accordance with condition 4.3 shall be made available for inspection by an authorised person of any of the relevant local authorities at the address of the principal place of business of the permit holder during normal office hours.
- 4.5 The permit holder shall, not later than 28th February in each year furnish to Offaly County Council summary information in relation to the waste collection activities of the permit holder in the preceding calendar year or part thereof. This information, known as the Annual Environmental Report (AER), shall be

provided in electronic format (e.g. Microsoft Excel or Access) or in a format which can be readily imported into these applications. The AER shall contain the following information:

- a) The reporting period;
- b) Quantity (tonnes or litres) and type (using the relevant EWC codes) of waste collected, disposed of, and recovered during the reporting period;
- c) Details of all areas where the permit holder carried out waste collection;
- d) Details of any waste (quantity and type) rejected by any disposal or recovery facility, and the alternative disposal or recovery facility used;
- e) Details of commercial and industrial waste producers from whom waste was collected, including the quantities, composition and final destination of disposal or recovery;
- f) Number of domestic customers in the case of domestic refuse collectors;
- g) Summary of all waste facilities used by the permit holder and the relevant license or permit number;
- ~~h) Details of any new vehicles used by the permit holder;~~
- i) Summary of the number of skips, tanks or containers (excluding domestic wheeled bins in the case of domestic waste collectors) including the volume of each;
- j) Summary of any changes in ownership, director(s), company name(s), partners, or principal place of business, having regard to the requirements of condition 1.6.
- k) Proposals for changes in collection systems (kerbside, pay-by-weight, etc), to be introduced to meet any specified recycling or recovery targets;
- l) Any incidents that have occurred and complaints received;
- m) Evidence of renewal of insurances and written confirmation from the insurance company that the permit holder has adequate and appropriate insurance;
- n) Summary of collection charges;
- o) Any other items specified by Offaly County Council;
- p) Information on any offence (prescribed under article 19), the nature of the offence and any penalty or requirement imposed by the court;
- q) Information in relation to the terms of any requirement imposed on the applicant by order of a court under sections 57 or 58 of the Waste Management Act.

5. CHARGES AND FINANCIAL PROVISIONS

- 5.1 The permit holder shall pay to Laois, Longford, Offaly, North Tipperary, Offaly, Westmeath County Councils, as the case may be, the costs incurred by the Council in the ongoing monitoring of compliance with the conditions of the permit including the costs of inspections, investigations and analyses of waste samples. Costs payable shall be advised to the permit holder periodically on foot of notices in writing to the permit holder.
- 5.2 The permit holder shall effect and maintain an appropriate and adequate policy of insurance as respects vehicles used for the purposes of, and liabilities arising from, the waste collection activity, including employer's liability and public liability as relevant.
- 5.3 Within three (3) months of the date of issue of this permit, the permit holder shall submit written confirmation from his insurance company that the permit holder has adequate and appropriate insurances in order to carry on his waste collection activities in accordance with the terms and conditions of this permit. } Todo

Waste Collection Permit Register No. 033/OY/18/02

CONDITIONS FOR SPECIFIC WASTE TYPES.

WASTE OILS

1. All loading, unloading and storage of waste oils shall take place within the designated areas of any facilities, which shall be adequately bunded to ensure that any spillages that occur are retained and returned for reprocessing.
2. Waste oils shall be collected, handled, transported and stored in a manner so as to minimise the risks of contamination to all environmental media or endangerment to the general public and their health.
3. All oily waters collected with the waste oil shall be transferred with the waste oil to the licensed or permitted waste oil recovery facility.
4. The permit holder shall not collect waste oils contaminated by polychlorinated biphenyl (PCB).
5. Where waste oil collected by the permit holder is of a hazardous nature as defined in the European Waste Catalogue (EWC), the permit holder shall adhere to the special conditions relating to collection of hazardous waste.

HAZARDOUS WASTE & FLUORESCENT TUBES

Reminder: *Commission Regulation (EC) No. 2557/2001 amends Annex V of the Council Regulation (EEC) No. 259/93. This amendment to the regulation is required to maintain consistency between Article V and the latest version of the hazardous waste list included in Commission Decision 2000/532/EC, as amended. In that regard, parts of both white/brown goods may be termed hazardous while others could be deemed recyclable.*

1. The permit holder shall have regard to the relevant provisions of the ADR Regulations and Carriage of Dangerous Goods by Roads Regulations, 2001 (S.I. No. 492 of 2001), as they apply to hazardous waste (e.g. waste segregation, emergency response/contact numbers etc).
2. A European Waste Catalogue (EWC) code and waste description shall be assigned to each hazardous waste consignment collected, in accordance with the requirements of the Waste Management (Movement of Hazardous Waste) Regulations, 1998 (S.I. No. 147 of 1998).

3. The permit holder shall keep in the collection vehicle a list of hazardous wastes that may be accepted at specified licensed or permitted facilities. A back up plan shall be in place to deal with the event that a hazardous waste load is refused at a licensed or permitted facility. Details of this plan shall be included in the Annual Environmental Report required in accordance with condition 4.5.
4. In addition to the normal labelling requirements under relevant legislation (e.g. ADR, Carriage of Dangerous Goods by Road Regulations etc.), all receptacles used for the collection of hazardous waste shall be clearly identified as containing hazardous waste.
5. The permit holders shall maintain records of all hazardous waste movements and shall comply with the Waste Management (Movement of Hazardous waste) Regulations, 1998 (S.I. No. 147 of 1998) and with the Waste Management (Transfrontier Shipment of Waste) Regulations, 1998 (S.I. No. 149 of 1998).
6. The permit holder shall use designated vehicles for the collection and transport of hazardous waste. The vehicles shall be decontaminated if they are to be used for the collection of any other waste types.

*For inspection purposes only.
Consent of copyright owner required for any other use.*

Schedule of Conditions

Waste Management (Collection Permit) Regulations, 2001

WASTE COLLECTION PERMIT

Permit Register Reference Number CP D160/1

Dublin City Council being a nominated authority under Section 34(1)(a)(a) of the Waste Management Act, 1996 (as amended), has granted a waste collection permit to Atlas Environmental Ireland Ltd. T/A Atlas Ireland hereinafter called the permit holder, of Clonminam Industrial Estate, Portlaoise, Co. Laois, subject to the attached schedule of conditions.

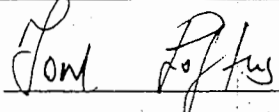

The permit holder is authorised by this permit to collect waste oils in the following local authority areas only:

- Dublin City Council
- Fingal County Council
- South Dublin County Council
- Dun Laoghaire/Rathdown County Council

The permit holder shall only use vehicles with the following registration number for the purpose of waste collection as set out in this permit:

99 LS 1224	99 LS 2575	95 LS 1526	99 LS 2725
97 LS 2122	99 LS 2432	01 LS 2610	97 LS 1791
99 LS 2232	95 LS 1929	00 LS 3089	00 LS 3484
01 LS 898	96 CW 881	95 D 45541	89 LS 2089
00 LS 3434	01 LS 2572	95 LS 561	

The permit holder shall only transfer waste to the facilities outlined in condition 2.2 of this permit.

 Head of Waste Management Services

Dated this 21st day of November 2002

Conditions

1. Scope of Permit

- 1.1 The permit holder may collect wastes specified in condition 1.2 in the following local authority areas:

Dublin City Council
Fingal County Council
South Dublin County Council
Dun Laoghaire/Rathdown County Council

- 1.2 The permit holder may collect the following waste types only:

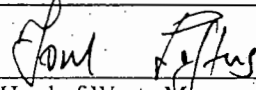

waste oils

- 1.3 The conditions of this permit are based upon the information provided by the applicant during the application process. The permit holder shall notify Dublin City Council in writing of any proposed changes in the information furnished and shall obtain written agreement from Dublin City Council prior to these changes occurring.
- 1.4 Dublin City Council may at any time review, and subsequently amend the conditions of, or revoke this permit. Dublin City Council shall review this permit at least once in each period of two years after the date on which the permit was granted or reviewed, as the case may be.
- 1.5 This waste collection permit and any condition imposed therein shall not relieve the permit holder of his/ her statutory obligations under any other enactment whatsoever.
- 1.6 This permit is non-transferable.

2. Management of the Waste Collection Activity

- 2.1 The permit holder shall ensure that where waste collected under this permit is transferred to a facility for the purpose of a recovery or activity in respect of which section 39(1) of the Waste Management Act, 1996 applies:
- (i) there is in force a waste licence or a waste permit in relation to the carrying on of the activity concerned at that facility, or
 - (ii) an application for such licence or permit has been made to and is under consideration by, the Agency or relevant local authority and the activity may also be carried on pending a decision in relation to the said application.

3/9

 Head of Waste Management Services	20/11/02 Dated
---	-------------------

- 2.10 The permit holder shall submit an "Emergency Response Procedure" to Dublin City Council within three months of the date of grant of this permit. This shall include provisions for any emergency situation which may arise. This procedure shall include details of an emergency response unit, replacement vehicles and clean up equipment that may be necessary to minimise the effects of any emergency on the environment.
- 2.11 **Atmospheric Emissions**
- 2.11.1 All consignments of waste being transported by skips lorries trucks and tippers to be covered during transit.
- 2.11.2 All vehicles used for transporting waste to be washed down on a weekly basis or more frequently if the vehicle is subject to gross soiling.
- 2.11.3 All dry/ dusty wastes to be dampened down prior to transit.
- 2.11.4 All organic wastes including food to be transported in airtight containers.
- 2.11.5 All other practicable precautions shall be taken to prevent nuisance.
- 2.12 **Noise Emissions**
- 2.12.1 The rated noise from the operation of waste transit processes (defined as LAeq 1 hour) shall not exceed the background noise level (as defined in B.S. 4142. Method for rating industrial noise affecting mixed residential and industrial areas.) by 10 dB or more.
- 2.12.2 Noise levels should not be so loud, so continuous, so repeated, of such duration or pitch or occurring at such times as to give reasonable cause for annoyance to a person in any premises in the neighbourhood or to a person lawfully using any public place.
- 2.13 Any spillage of waste which occurs in the course of the collection operation, shall be cleaned up immediately and at the latest within an hour of the spillage occurring.
- 2.14 The permit holder is required to have a docket system of recording waste permit holder shall develop a docket system for recording waste collection. The individually numbered collection dockets shall as a minimum contain the following details:
- Date of waste collection;
 - Origin of the waste collected;
 - Shall be signed by the producer of the waste, or his representative (except in the case of bag or wheeled bin domestic waste collection);
 - Description of the waste collected (including EWC code for commercial, industrial or hazardous waste);
 - Destination of the waste collected;
 - Shall be signed by the receiver of the waste;
 - The docket shall be available for inspection in the vehicle until control of the waste has been handed over to the operator of the permitted or licensed facility. After that time, the dockets shall be retained at the principal office of the waste collector for a period of three years.

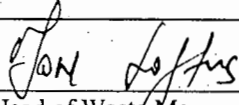

6. Conditions Specific to the Waste Stream

HAZARDOUS WASTE

- 6.1 The permit holder shall only deliver hazardous waste to facilities that have an appropriate licence/permit to accept such hazardous waste for disposal or recovery.
- 6.2 The permit holder shall, within two months from the date of grant of this permit, submit a written consent from each facility to which it is proposed to deliver hazardous waste, confirming that the facility will accept waste from the permit holder.
- 6.3 Each vehicle shall have a list in their collection vehicle of acceptable and unacceptable hazardous wastes at the facilities outlined in condition 2.2. This shall include a back-up plan in the event that a hazardous waste load is refused.
- 6.4 All receptacles used for the collection of hazardous waste should be clearly identified as containing hazardous waste in addition to the normal labelling requirements under relevant legislation.
- 6.5 The European Waste Catalogue Codes and corresponding waste descriptions for the particular types of wastes to be collected shall be submitted to Waste Management Services Division of Dublin City Council within one month from the date of grant of this permit by the permit holder.
