

Mr. Gerry Gibson,
Director of Services,
County Hall,
Portlaoise,
Co. Laois.

Date: 24/01/03

Dear Mr. Gibson,

In accordance with Section 9 of The Waste Management (Licensing) Regulations 2000, Atlas Environmental Ireland Limited hereby give notice to Laois County Council of its intention to apply to the Environmental Protection Agency to replace our existing Integrated Pollution Control License with a waste management licence for its facility located at Clonminam Industrial Estate, Portlaoise Co. Laois.

The change is required due to the reclassification of IPC scheduled activities and also to allow for expansion of the facility's capability in handling additional waste streams.

Please find attached the following information as required under Section 6 of The Waste Management (Licensing) Regulations, 2000

(a) Name and Address: Atlas Environmental Ireland,
Clonminam Industrial Estate,
Portlaoise,
Co. Laois.

(b) Location of Activity: Clonminam Industrial Estate,
Portlaoise,
Co. Laois.

Grid Reference: E2461 N1976

(c) Class of Activity: It is proposed to carry out the following activities in accordance with the Third and Fourth Schedule of the Waste Management Act 1996 and as amended by the European Communities (Amendment of Waste Management Act 1996) Regulations 1998.

**Clonminam Industrial Estate,
Portlaoise, Co. Laois, Republic of Ireland**

1

Third Schedule:

6: Biological treatment not referred to elsewhere in this schedule which results in final compounds or mixtures which are disposed of by means of any activity referred to in paragraphs 1 to 10 of this schedule

7: Physico-chemical treatment not referred to elsewhere in this schedule (including evaporation, drying and calcinations), which results in final compounds or mixtures which are disposed of by means of any activity referred to in paragraphs 1 to 10 of this Schedule (including evaporation, drying and calcinations)

12: Repackaging prior to submission to any activity referred to in a preceding paragraph of this schedule.

13: Storage prior to submission to any activity referred to in a preceding paragraph of this schedule, pending collection, on the premises where the waste concerned is produced.

Fourth Schedule

2: Recycling or reclamation of organic substances, which are not used as solvents (including composting and other biological transformation processes)

4: Recycling or reclamation of other inorganic materials

5: Regeneration of acids or bases

8: Oil re-refining or other re-uses of oil (Principal Activity)

9: Use of any waste principally as a fuel or other means to generate energy

11: Use of waste obtained from any activity referred to in a preceding paragraph of this schedule

12: Exchange of waste for submission to any activity referred to in a preceding paragraph of this schedule.

13: Storage of waste intended for submission to any activity referred to in a preceding paragraph of this schedule, other than temporary storage, pending collection, on the premises where such waste is produced.

(d) In accordance with Part III of S.I. 185 of 2000 an Environmental Impact Statement has been carried out for the proposed activities and will be submitted as part of the waste licence application

(e) Copies of the following will be available for inspection or purchase from the EPA Headquarters as soon as practicable after the application of the waste licence to the Agency.

- (i) the application for a waste licence
- (ii) the Environmental Impact Statement
- (iii) further information as furnished to the Agency in relation to the application.

Please do not hesitate to contact me should you wish to discuss the above matter further.

Yours Sincerely

A handwritten signature in black ink that reads 'Gareth Kelly'.
