Re: Walshestown Waste facility – AER 2015

To Whom it May Concern,

We are acting on behalf of Walshestown Restoration Ltd (WRL).

WRL holds an EPA Licence (Register Number W0254-01) for a waste facility located at Walshestown, Blackhall, Tipperkevin, Bawnoge and Blackhall, Naas, Co Kildare (the 'Site'). This licence was issued by the EPA on 23rd October 2013 to allow acceptance of waste materials for processing, recovery and disposal at the Site, up to a maximum of 330,000 tonnes per annum. This licence was transferred to WRL on the 8th December 2015 from the previous operator Cemex (ROI) Ltd.

Please note that no licenced or PRTR activities were carried out at the Walshestown Site during 2015. The licensee intends to commence with the licenced activities during 2016.

We trust the above meets your requirements. If you have any queries in relation to this correspondence, please do not hesitate to contact the undersigned.

Yours sincerely,
for **Malone O'Regan**

Thomas Vainio-Mattila
