

SITE NOTICE

APPLICATION TO THE ENVIRONMENTAL PROTECTION AGENCY FOR A WASTE LICENCE

ROADSTONE LTD., Fortunestown, Tallaght, Dublin 24 intends to apply to the Environmental Protection Agency for a waste licence in respect of an inert waste recovery facility on its lands at Calary Quarry, Killough Upper and Glencap Commons Upper, Kilmacanogue, Co. Wicklow (National Grid Reference 3228E 2128N).

The proposed waste recovery facility and waste licence application provides for

- (i) Restoration of a large quarry void created by previous extraction of bedrock by backfilling to former ground level and establishing a heathland / grassland habitat similar to that which existed prior to quarrying;
- (ii) Importation of approximately 3,280,000 tonnes of inert natural materials, principally excess soil, stones and/or broken rock to backfill the quarry void;
- (iii) Construction of temporary site and services infrastructure including site office, staff welfare facilities, weighbridge (with dedicated office), wheelwash, settlement ponds, pumphouse, hardstand areas, fuel and water storage tanks, waste inspection and quarantine facility and storage sheds;
- (iv) Separation of any construction and demolition waste (principally concrete, metal, timber, PVC pipes and plastic) inadvertently imported to site prior to removal off-site to authorised waste disposal or recovery facilities;
- (v) Temporary stockpiling of topsoil and subsoil pending re-use as cover material for final restoration of the site;
- (vi) Environmental monitoring of noise, dust, surface water and groundwater for the duration of the site restoration works and for a short period thereafter.

The principal activity is Class R5 as per the Fourth Schedule of the Waste Management Act 1996, as amended (recycling or reclamation of other inorganic materials, which includes soil cleaning resulting in the recovery of the soil and recycling of inorganic construction materials). Other activities include Class R3 of the Fourth Schedule (recycling or reclamation of organic substances which are not used as solvents) and Class R13 of the Fourth Schedule (storage of waste pending any of the operations numbered R1 to R12 (excluding temporary storage, pending collection, on the site where the waste is produced)).

An Environmental Impact Statement will be submitted to the Agency with the Waste Licence Application.

A copy of the Waste Licence Application, the Environmental Impact Statement and further information relating to the Application that may be furnished to the Agency in the course of its consideration of the Application will, as soon as practicable after receipt by the Agency, be available for inspection or purchase at the headquarters of the Agency.

PLANNING APPLICATIONS

DUBLIN CITY COUNCIL — We search Alpha CVBA intend to apply for permission for development at Clare Hall, Malahide Road, Dublin 17. The development will consist of the construction of 217 Apartments with onsite swimming pool, fitness studio, meeting room, Creche, Common Room and basement car park along with all ancillary site works and services. The planning application may be inspected or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of Dublin City Council, Planning Department, Block 4, Ground Floor, Civic Offices, Wood Quay, Dublin 2 during its public opening hours (9.00a.m. - 4.30p.m.). A submission or observation in relation to the application may be made in writing to the Planning Authority on payment of the prescribed fee (€20.00) within the period of 5 weeks beginning on the date of receipt by the Authority of the application, and such submissions or observations will be considered by the Planning Authority in making a decision on the application. The Planning Authority may grant permission subject to or without conditions, or may refuse to grant permission.

DUBLIN CITY COUNCIL — DIBUT plc intends to apply for permission for development at this site 0.117 ha, Nos 17-18 Dawson Street and 39-40 Molesworth Street, Dublin 2. Postcode D02 YV57 D02 V602 and D02 AW63. The development will consist of modifications to previously granted planning application, application reference 2659/15. Changes consist of increase in floor area on level 4 (9.5m²) and on level 5 (82 m²) and resulting modifications to the facade on level 4 and 5. The planning application may be inspected, or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of Dublin City Council during its public opening hours and a submission or observation in relation to the application may be made to the Authority in writing on payment of the prescribed fee within the period of 5 weeks beginning on the date of receipt by the Authority of the application.

PLANNING APPLICATIONS

SOUTH DUBLIN COUNTY COUNCIL — The Board of Management of Scoil Maelruain Senior are applying for Permission for a minor extension of modular type construction consisting of 2nr general classrooms, with associated access, service connections and ancillary works for a period of 5 years at Scoil Maelruain Senior, Old Bawn, Tallaght, Dublin 24. This application may be inspected or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of South Dublin County Council during its public opening hours of 9am - 4pm, Mon-Fri, and a submission or observation may be made to South Dublin County Council on payment of the prescribed fee (€20.00) within the period of 5 weeks beginning on the date of receipt by South Dublin County Council of the application.

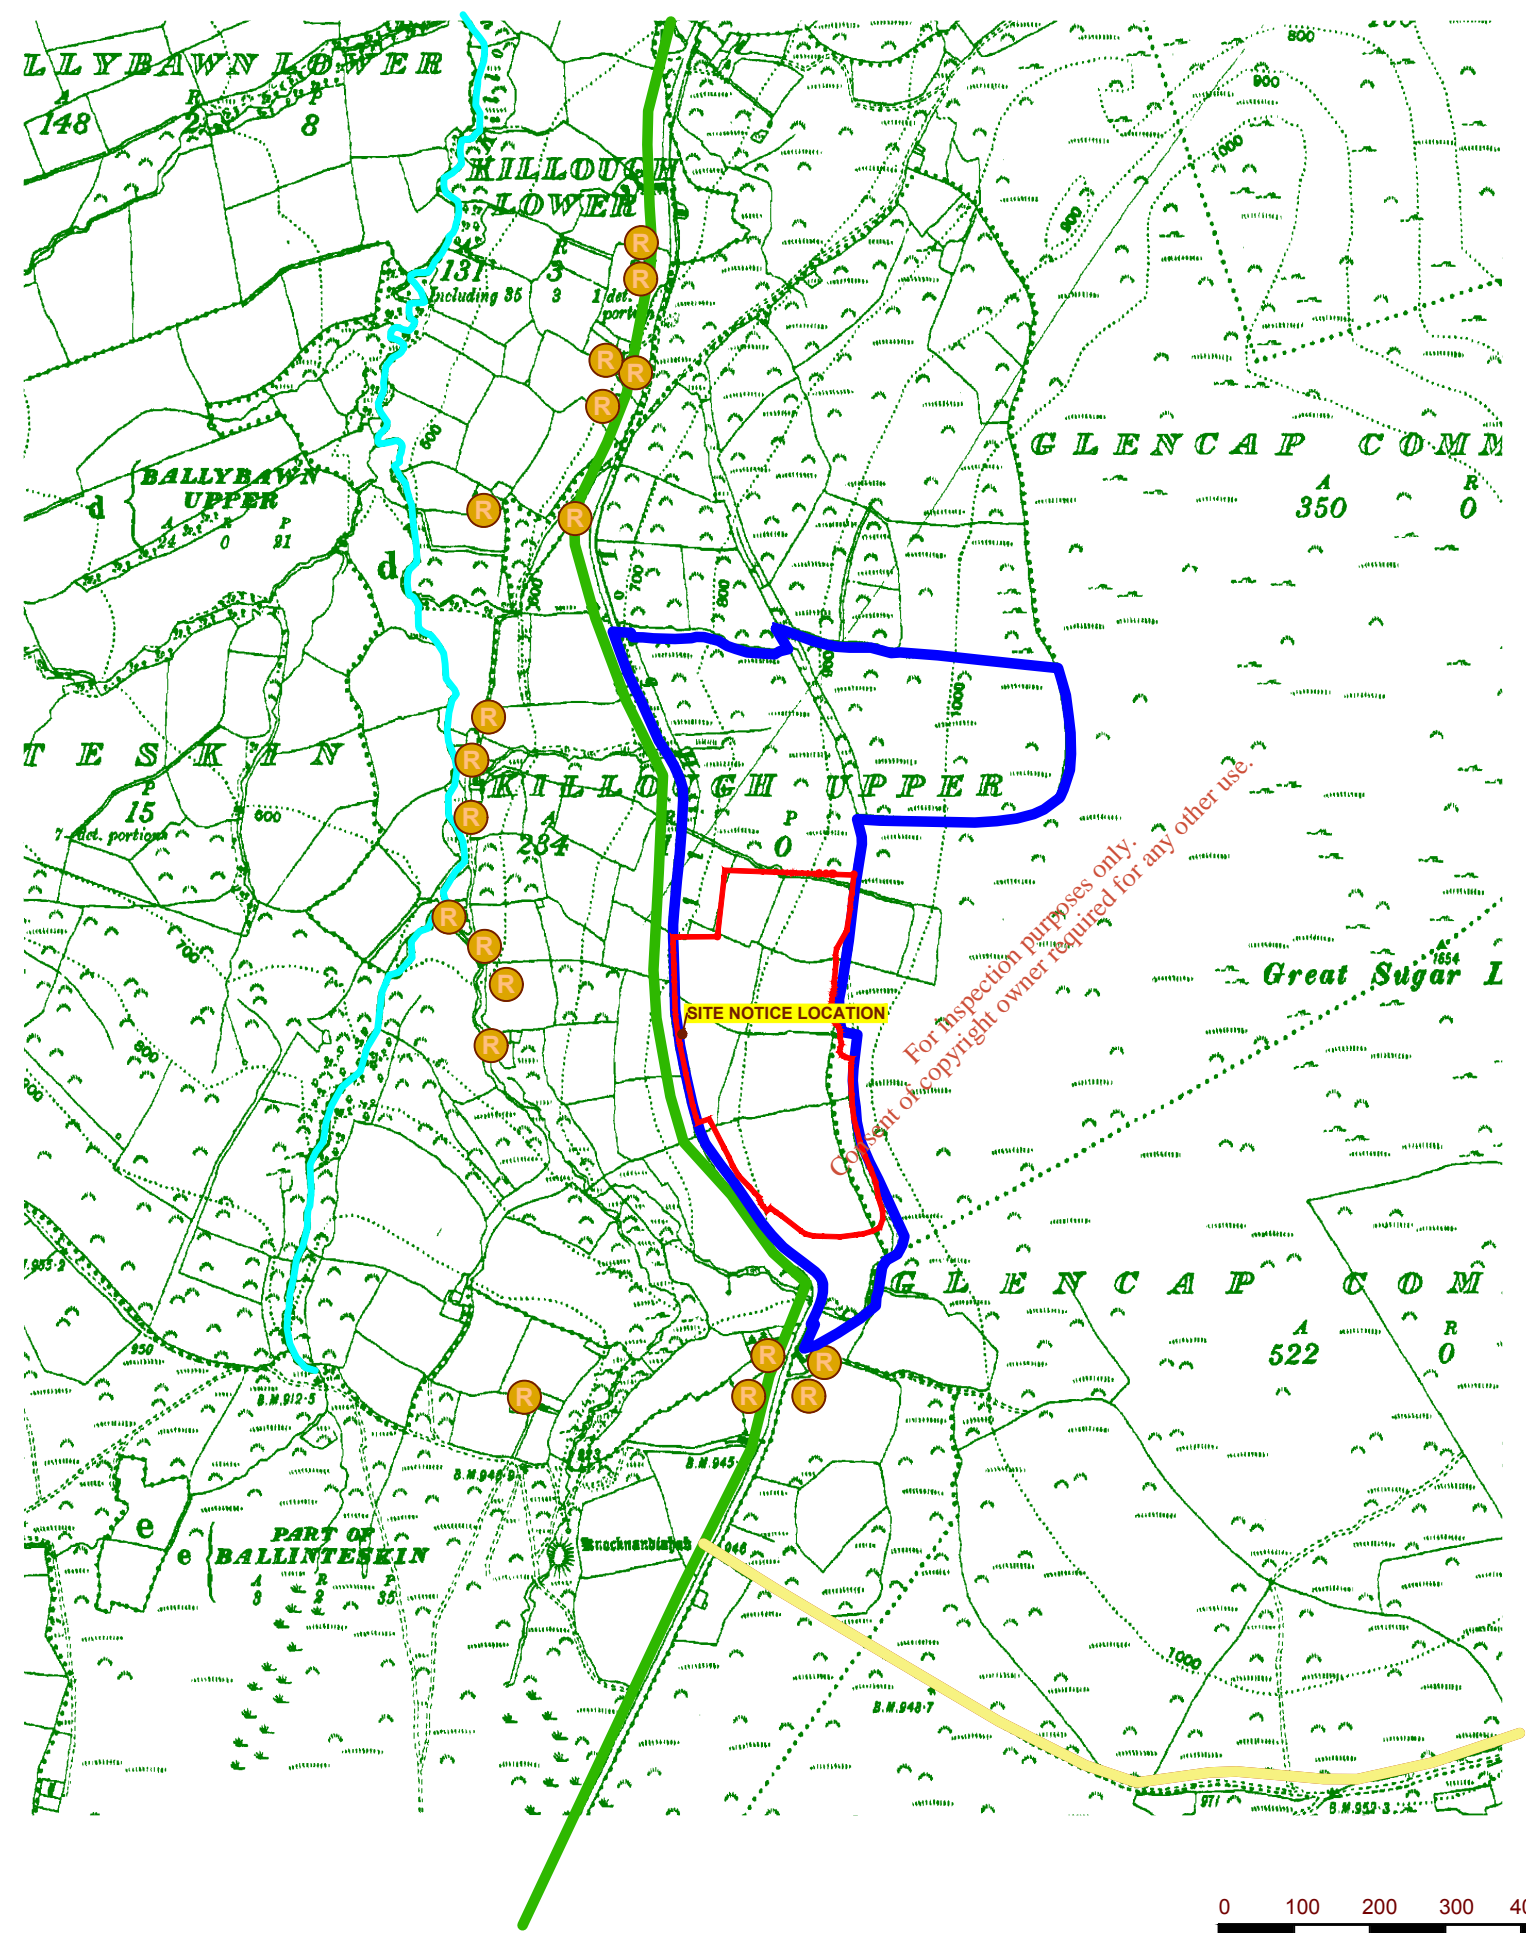

APPLICATION TO THE ENVIRONMENTAL PROTECTION AGENCY FOR A WASTE LICENCE

ROADSTONE LTD., Fortunestown, Tallaght, Dublin 24, intends to apply to the Environmental Protection Agency for a waste licence in respect of an inert waste recovery facility on its lands at Calary Quarry, Killough Upper and Glencap Common, County Kilmacanogue, Co. Wicklow (National Grid Reference 3228E 2128N). The proposed waste recovery facility and waste licence application provides for: (i) Restoration of a large quarry void created by previous extraction of bedrock by backfilling to former ground level and establishing a heathland / grassland habitat similar to that which existed prior to quarrying; (ii) Importation of approximately 3,280,000 tonnes of inert natural materials, principally excess soil, stones and/or broken rock to backfill the quarry void; (iii) Construction of temporary site and services infrastructure including site office, staff welfare facilities, weighbridge (with dedicated office), wheelwash, settlement ponds, phosphate hardstand areas, fuel and water storage tanks, waste inspection and quarantine facility and storage sheds; (iv) Separation of any construction and demolition waste (principally concrete, metal, timber, PVC pipes and plastic) inadvertently imported to site prior to removal off-site to authorised waste disposal or recovery facilities; (v) Temporary stockpiling of topsoil pending re-use as cover material for final restoration of the site; (vi) Environmental monitoring of noise, dust, surface water and groundwater for the duration of the site restoration works and for a short period thereafter.

The principal activity is Class R5 as per the Fourth Schedule of the Waste Management Act 1996, as amended (recycling or reclamation of other inorganic materials, which includes soil cleaning resulting in the recovery of the soil and construction materials). Other activities include Class R3 of the Fourth Schedule (recycling or reclamation of organic substances which are not used as solvents) and Class R13 of the Fourth Schedule (storage of waste pending any of the operations numbered R1 to R12 (excluding temporary storage, pending collection, on the site where the waste is produced).

An Environmental Impact Statement will be submitted to the Agency with the Waste Licence Application. A copy of the Waste Licence Application, the Environmental Impact Statement and further information relating to the Application that may be furnished to the Agency in the course of its consideration of the Application will, as soon as practicable after receipt by the Agency and available for inspection or purchase at the headquarters of the Agency.

DUBLIN CITY COUNCIL — Diageo Ireland Ltd. intend to apply for permission at Diageo lands including part of the Guinness Brewery lands to the north of James's Street, Dublin 8. (The subject site contains two Protected Structures: granite piers and the Guinness Building on Victoria Quay known as Victoria Quay House. The subject site is bound by Victoria Quay to the north and Watling Street to the east, and existing brewery areas to the south and west (St. John's Road West & Steeven's Lane). The development will consist of: 7 no. (non-illuminated) wayfinding signs (540mm W x 540mm H) for Guinness Storehouse to be attached to existing Diageo boundary walls and structures. The planning application may be inspected, or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of Dublin City Council during its public opening hours and a submission or observation in relation to the application may be made to the Authority in writing on payment of the prescribed fee within the period of 5 weeks beginning on the date of receipt by the Authority of the application.

Our Ref: 501.00180.00109/WL/dl

Dear Sirs

RE: APPLICATION TO THE ENVIRONMENTAL PROTECTION AGENCY FOR A WASTE LICENCE IN RESPECT OF SOIL WASTE RECOVERY FACILITY AT CALARY QUARRY, KILLOUGH UPPER, KILMACANOGUE, CO. WICKLOW

We write on behalf of our Client, Roadstone Ltd. to formally advise that it has submitted an application to the Environmental Protection Agency for an inert soil waste recovery facility on its lands at Calary Quarry in Killough Upper and Glencap Commons Upper townlands, Kilmacanogue, Co. Wicklow (National Grid Reference 3228E, 2128N). The proposed facility will provide for the backfilling and restoration of the quarry to former ground level and re-establishment of heathland/grassland habitat similar to that which existed prior to quarrying.

The principal activity is Class 5 of the Fourth Schedule of the Waste Management Acts 1996, as amended (recycling or reclamation of other inorganic materials, which includes soil cleaning resulting in the recovery of the soil and recycling of inorganic construction materials). Other activities include Class 3 of the Fourth Schedule (recycling or reclamation of organic substances which are not used as solvents) and Class 13 of the Fourth Schedule (storage of waste pending any of the operations numbered R1 to R12 (excluding temporary storage, pending collection, on the site where the waste is produced)).

A copy of the Environmental Impact Statement will be submitted to the Environmental Protection Agency with the Waste Licence Application. A copy of

- (i) the Waste Licence Application,
- (ii) the accompanying Environmental Impact Statement and
- (iii) further information relating to the application that may be furnished to the Agency in the course of its consideration of the licence application

will, as soon as practicable after receipt by the Agency, be available for inspection or purchase at the headquarters of the Agency.

This letter constitutes formal written notice of the Waste Licence Application as required by Section 9(1) of the Waste Management (Licensing) Regulations 2004 (S.I. No. 395 of 2004).

Yours sincerely
