

ATTACHMENT C3 – HOURS OF OPERATION

The proposed waste recovery activities comprising

- (i) importation, acceptance, placement and compaction of inert soils and stone waste and
- (ii) importation and placement of minor quantities of imported aggregate for haul road construction

will only take place at the waste recovery facility between the hours of 07.00 hours and 18.00 hours each weekday (Monday to Saturday).

No waste recovery activities will be undertaken on Sunday or on Bank / Public Holidays.

Any demolition, construction or development works required in respect of the recovery facility will take place over the same hours of operation identified above.

The proposed operating hours are consistent with the operating hours applied for in the planning application in respect of the proposed recovery facility submitted to Wicklow County Council on 27th May 2016 (Planning Ref. 16/574).
