Beauparc,
Navan,
Co. Meath.

2nd August, 2016

Dear Sir / Madam,

RE: Objection to Revised Waste Licence Application W0140-04 (Co Reg 115425) in respect of Nurendale Limited trading as Panda Waste Services Limited at Rathdrinagh Beauparc, Navan, Co. Meath

Again Nurendale Ltd trading as Panda Waste Services Ltd has not **STATED** exactly what will be burn when the wood cuttings have run out.....**PLEASE CLARIFY**

Panda Waste Ltd has a **HISTORY OF NON-COMPLIANCE** with conditions outlined in the above Waste Licence Application W0140-04 **NOT STATING WHAT IS BEING BURNED..... NON-COMPLIANCE NO CLARIFICATION!**

Again as stated before, which is more horrifying, that you are giving permission to Nurendale Ltd trading as Panda Waste Services Ltd to burn whatever they want if the wood cuttings is not available to burn....**PERMISSION FOR ANOTHER EXPLOSION & FIRE!**

With reference to their objections **AGAIN AND AGAIN** Panda are changing the conditions to suit themselves and as stated in my letter in July 2016 couldn't give a damn about polluting our air with toxic materials/perfume odours, congestion with lorries from 4am till 12 midnight... entry into the site by the gate at the Brink Filling Station from the N2 road to Dublin ---- a instruction given to Panda Waste Ltd by Meath County Council **NOT TO USE THIS ENTRANCE AND ARE STILL USING IT.....** Breaking the Rules and Conditions again!

Two weeks ago at 7.05am I saw a lorry parked at the turn on the 153 – Skerrymount/Beauparc Road – the Dublin side of McKeever's Public House which nearly caused an accident as I could not see any traffic coming towards me as the lorry was blocking my view. At 6.55am on the same morning there were two lorries on the Knockcommon Road backed up meeting the N2 road waiting to go into the site of Panda Waste and another lorry waiting on my road **ABSOLUTELY APPALING AND HAZZARD ----- WAITING FOR A ACCIDENT TO BE CAUSED..SMASH, BANG, DEATH! ----- WILL YOU LISTEN THEN?**

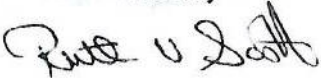

Breaking the law and conditions again..... i.e. Condition 3.11.2(b) stating that the current operations are not a source of odour nuisance or impairment of amenities outside the south boundaries....**TOTAL LIES.** I live just down the road from Panda Waste and the smell/odours are horrific and sickening that it makes me want to get sick from the stink of it and then using Air Pollution Odours/Perfume to camouflage the stink/smell which cause breeding and respiratory problems....it would be interesting how long the EPA representatives would live around our area if they had to put up with this....

WHY is the **EPA SURRENDERING TO PANDA WASTE LTD** and giving into what Panda Waste wants...totally **UNFAIR**the EPA should stick to their conditions and not be persuaded to bend the rules to what Panda Waste Ltd wants....

I do know the an EPA representative did visit the site recently and was horrified to see where the Panda Waste site was located as it was totally inappropriate and ill situated ---- situated in a community of family homes, a shop and a filling station. **THIS WAS POINTED OUT OF SERVERAL OCCASION'S TO THE EPA** but **NO ONE** listened to our objections, our concerns with air pollution, traffic congestion, infestation of vermon, etc... or our dilemma's.

We sincerely hope that you seriously going to reject the granting of this licence for the safety and health of my children and of the community I live in and please **do not allow** for another **EXPLOSION & FIRE TO TAKE PLACE**

Yours faithfully

On behalf of

Ruth Scott, Kayleigh Scott, Ronald Scott, Rhiannon Scott, Frances McKeever, Kevin McKeever, Jessica McKeever, Barry McKeever, Lena McKeever & their 3 children
