### APPLICATION TO THE ENVIRONMENTAL PROTECTION AGENCY FOR REVIEW OF A WASTE LICENCE

ROADSTONE LTD., Fortunestown, Tallaght, Dublin 24 intends to apply to the Environmental Protection Agency for a review of the existing waste licence (Ref. No. W0277-01) in respect of the inert soil waste recovery facility on its lands at Huntstown Quarry, in Huntstown, Kilshane and Johnstown townlands, Finglas, Dublin 11 (National Grid Reference 3107E 2417N).

The waste licence review application provides for

- (i) An increase in the rate of importation of inert soil and stone waste used in the restoration of quarry voids (and backfilling to former ground level), from the current maximum of 750,000 tonnes per annum (permitted by the current waste licence), to a maximum of 1,500,000 tonnes per annum;
- (ii) Extension of the existing licensed area to also provide for the backfilling of the West Quarry;
- (iii) Additional backfilling of an area at the North Quarry which has been quarried in recent years and likely to be further quarried in the near future;
- (iv) An increase in the total infill / intake capacity of the facility from 7,295,000 tonnes (approximately 3,840,000m³); at present, to 9,550,000 tonnes (approximately 5,025,000m³);
- (v) Some minor modifications to the existing licensed area to take account of changes in land ownership and re-alignment of internal haul roads around the quarry complex in recent years.

The principal activity is Class R5 as per the Fourth Schedule of the Waste Management Act 1996, as amended (recycling or reclamation of other inorganic materials, which includes soil cleaning resulting in the recovery of the soil and recycling of inorganic construction materials). Other activities include Class R3 of the Fourth Schedule (recycling or reclamation of organic substances which are not used as solvents) and Class R13 of the Fourth Schedule (storage of waste pending any of the operations numbered R1 to R12 (excluding temporary storage, pending collection, on the site where the waste is produced).

An Environmental Impact Statement will be submitted to the Agency with the Waste Licence Application.

A copy of the Waste Licence Application, the Environmental Impact Statement and further information relating to the Application that may be furnished to the Agency in the course of its consideration of the Application will, as soon as practicable after receipt by the Agency, be available for inspection or purchase at the headquarters of the Agency.

7 November 2016

The County Secretary Fingal County Council, Civic Offices, Grove Road, Blanchardstown, Dublin 15

Our Ref: 501.00180.00152/WL/dl

**Dear Sirs** 

RE: APPLICATION TO THE ENVIRONMENTAL PROTECTION AGENCY FOR A REVIEW OF THE EXISTING WASTE LICENCE IN RESPECT OF THE SOIL WASTE RECOVERY FACILITY AT HUNTSTOWN QUARRY, FINGLAS, DUBLIN 11

We write on behalf of our Client, Roadstone Ltd. to formally advise that it has submitted an application to the Environmental Protection Agency (EPA) for a review of its existing waste licence (Ref. No. W0277-01) in respect of inert soil waste recovery activity on lands at Huntstown Quarry, in Huntstown, Kilshane and Johnstown townlands, Finglas, Dublin 11 (National Grid Reference 3107E 2417N).

The waste licence review application provides for

- (i) An increase in the rate of importation of inert soil and stone waste used in the restoration of quarry voids (and backfilling to former ground level), from the current maximum of 750,000 tonnes per annum to a maximum of 1,500,000 tonnes per annum;
- (ii) Extension of the existing licensed area to also provide for the backfilling of the West Quarry;
- (iii) Additional backfilling of an area at the North Quarry which has been quarried in recent years and likely to be further guarried in the near future;
- (iv) An increase in the total intil / intake capacity of the facility from 7,295,000 tonnes (approximately 3,840,000m3) at present, to 9,550,000 tonnes (approximately 5,025,000m3);
- (v) Some minor modifications to the existing licensed area to take account of changes in land ownership and re-alignment of internal haul roads around the quarry complex in recent years.

The principal activity is Class 5 of the Fourth Schedule of the Waste Management Acts 1996, as amended (recycling or reclamation of other inorganic materials, which includes soil cleaning resulting in the recovery of the soil and recycling of inorganic construction materials). Other activities include Class 3 of the Fourth Schedule (recycling or reclamation of organic substances which are not used as solvents) and Class 13 of the Fourth Schedule (storage of waste pending any of the operations numbered R1 to R12 (excluding temporary storage, pending collection, on the site where the waste is produced).

A copy of the Environmental Impact Statement in respect of the proposed increase in waste intake will be submitted to the EPA. A copy of

- (i) the Waste Licence Application,
- (ii) the accompanying Environmental Impact Statement and
- (iii) further information relating to the application that may be furnished to the Agency in the course of its consideration of the licence application

will, as soon as practicable after receipt by the Agency, be available for inspection or purchase at the headquarters of the Agency.

This letter constitutes formal written notice of the Waste Licence Application as required by Section 9(1) of the Waste Management (Licensing) Regulations 2004 (S.I. No. 395 of 2004).

Yours sincerely
