TECHNICAL AMENDMENT A
TO
INDUSTRIAL EMISSIONS LICENCE

Licence Register Number:	W0286-01
Company Registration Number:	374465
Licensee:	The Recycling Village Limited
Location of Installation:	Unit 21 Duleek Business Park Commons Duleek Co Meath

Reasons for the Decision

The Environmental Protection Agency is satisfied, on the basis of the information available, that subject to compliance with the conditions of Licence Reg. No. W0286-01 granted on the 14 January 2015, as well as any amendments noted herein, any emissions from the activity will comply with and not contravene any of the requirements of Section 83(5) of the Environmental Protection Agency Act 1992 as amended.

A screening for Appropriate Assessment was undertaken to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on any European Site. In this context, particular attention was paid to the European Sites at River Boyne and River Blackwater SAC (Site Code: 002299), River Boyne and River Blackwater SPA (Site Code: 004242), River Nanny Estuary and Shore SPA (Site Code: 004158) and Boyne Estuary SPA (Site Code: 004080).

The activity is not directly connected with or necessary to the management of any European Site and the Agency considered, for the reasons set out below, that it can be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects, will have a significant effect on any European Site and accordingly determined that an Appropriate Assessment of the activity was not required.

The reasons for which the Agency determined that an Appropriate Assessment of the activity is not required are as follows:

- The facility is not located within the above listed European Sites.
- There will be no emissions of environmental significance from the activity.
- The activity will not result in damage to, or loss of, species and habitats of these European Sites.
- The technical amendment, as requested, will not change the nature of the consent.
