TECHNICAL AMENDMENT B  
TO  
INDUSTRIAL EMISSIONS LICENCE

<b>Licence Register Number:</b>	W0167-03
<b>Company Registration Number:</b>	59667
<b>Licensee:</b>	Indaver Ireland Limited
<b>Location of Installation:</b>	Carranstown Duleek County Meath

## ***Reasons for the Decision***

The Environmental Protection Agency is satisfied, on the basis of the information available, that subject to compliance with the conditions of Licence Register Number W0167-03 granted on 2 June 2015 and amended on 21 June 2016 as well as any amendments noted herein, any emissions from the activity will comply with and not contravene any of the requirements of Section 83(5) of the Environmental Protection Agency Act 1992 as amended.

A screening for Appropriate Assessment was undertaken to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on any European Site. In this context, particular attention was paid to the European Sites at River Boyne and River Blackwater SAC [002299], Boyne Coast and Estuary SAC [001957], River Boyne and River Blackwater SPA [004232], Boyne Estuary SPA [004080] and River Nanny Estuary and Shore SPA [004158].

The activity is not directly connected with or necessary to the management of any European Site and the Agency considered, for the reasons set out below, that it can be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects, will have a significant effect on any European Site and accordingly determined that an Appropriate Assessment of the activity was not required. The reasons for this determination are as follows:

- The proposed amendment, in the context of the whole installation, does not have the potential for significant effects on any European site due to the nature and scale of the activity and the distance between the installation and designated sites.
