Dear Sirs

**RE: ROADSTONE LTD., HUNTSTOWN QUARRY, FINGLAS, DUBLIN 11
WASTE LICENCE REVIEW APPLICATION FOR INCLUSION, RELOCATION AND
INTENSIFICATION OF CONSTRUCTION AND DEMOLITION (C&D) WASTE
RECOVERY ACTIVITIES**

Please find enclosed a waste licence review application, submitted on behalf of Roadstone Ltd., for inclusion, relocation and intensification of existing construction and demolition (C&D) waste recovery activities at its existing licensed recovery facility (Ref. No. W0277) at Huntstown Quarry, in the townlands of Huntstown, Kilshane and Johnstown, Finglas, Dublin 11.

The review application provides for

- (i) incorporation of the existing construction and demolition waste (C&D) recovery facility and its associated activities within the scope of the Huntstown waste licence;
- (ii) an increase in the permitted intake of construction and demolition waste from a maximum of 24,950 tonnes per annum at present to 95,000 tonnes per annum;
- (iii) relocation of C&D waste recovery activities to a dedicated new long-term recovery facility on a 5.2 hectare site in the north-eastern corner of the Huntstown Quarry Complex and
- (iv) construction of a hardstanding area, waste processing shed, surface water management infrastructure and upgraded internal access road at the new waste recovery facility.

No further C&D waste will be imported to the existing C&D waste recovery facility located at the Central Quarry area.

Once End of Waste criteria for recycled aggregate are published by the EPA, it is envisaged that off-site dispatch of the C&D wastes stockpiled at the existing facility will continue for a period of up to 2 to 3 years.

The Waste Licence Review Application comprises the following documentation

- 1 original copy of Waste Licence Review Application comprising completed and signed Waste Licence Application Form (with attachments);
- 1 No. hard copy of the Waste Licence Application Form (with attachments);
- 1 No. hard original copy of the Environmental Impact Statement plus 1 No. copy;
- 2 No. soft copies of the Waste Licence Application and the Environmental Impact Statement in .pdf format on accompanying CD-ROMs.

We declare that the content of the hardcopy form is a faithful reproduction of the electronic files provided on the accompanying CD-ROMs

A cheque for €6,000 is also attached in respect of the waste licence review application fee.

Should you require any additional information or clarification in respect of this waste licence review application, please contact the undersigned.

Yours sincerely

SLR Consulting Limited
