Subject: W0293-01 Calary Soil Recovery Facility : Article 12 Compliance Request

Dear Ms. Babiarczyk

Further to your letter dated 5 September last requesting further information in respect of the waste licence application by Roadstone Limited in respect of a soil waste recovery facility at Calary Quarry, Co. Wicklow, I write to formally request a 6 week extension to the submission date in order to prepare and submit a response to the issues raised therein.

The extension in time is required in order to provide for the installation of new groundwater monitoring wells and subsequent sampling and testing of groundwater quality therein to address Item 3 in your information request (on previous development impact on groundwater quality).

We trust that this proposal is acceptable to the Agency. Please contact the undersigned should you require to discuss this further.

Regards

SLR
