

EIA Screening Determination

In accordance with Section 83(2A) of the EPA Act 1992, as amended, the Agency has, as part of its consideration of the IPC review application referenced below, determined whether the application should be made subject to an Environmental Impact Assessment (EIA) as respects the matters that come within the functions of the Agency. The determination, and the reasons for the determination, are detailed below.

Licence Application Details:

Reg No.	P0465-02
Applicant Name:	G. Bruss GmbH DICHTUNGSTECHNIK
Location of Installation:	Finisklin Road, Sligo
Licence Application Date:	09 October 2014
Date of EIA Screening Determination:	04/12/2017

EIA Screening Determination:

EIA, as respects the matters that come within the functions of the Agency, is not required for the activity to which the above licence application relates.

Having considered the information provided by the applicant, the nature, size and location of the activity it has been determined that while the activity/changes to the activity are of the following type of project in Schedule 5 of the Planning and Development Regulations 2001 as amended:

6(a) All installations for production of pesticides and pharmaceutical product, paints and varnishes, elastomers and peroxides using a chemical or biological process.

the activity is unlikely to give rise to significant effects on the environment by virtue of its nature, size and location.
