**Re: Licence Application Register Number W0270-02**

On behalf of Miltown Composting Systems Ltd., please find enclosed the following:

- Evidence of the new newspaper advertisement published in accordance with regulations 4 and 5 of the EPA (Industrial Emissions)(Licensing) Regulations 2013 indicating that Miltown Composting Systems Ltd intend applying for an Industrial Emissions licence rather than a review of their existing waste licence;
- Evidence of the new site notice which are in place at the three locations specified on the site drawings submitted with the application documentation. The notice will be in place at the 3 designated locations for a period of 1 month.

A signed original electronic application was submitted to the Agency in December 2017 and a signed hardcopy was submitted to the Agency in January 2018. As requested in the Agency letter sent to Miltown Composting Systems Ltd. on 16<sup>th</sup> January, 2018 we now also enclose 2 copies of all files related to the licence application on electronic searchable PDF format on CD-ROM.

Yours sincerely,

**John Rea, B.Sc., MEnv.Sc**  
Principal Environmental Consultant  
JRE Ltd.

On behalf of Miltown Composting Systems Ltd.

## APPLICATION TO THE ENVIRONMENTAL PROTECTION AGENCY FOR A LICENCE

### SITE NOTICE

Miltown Composting Systems Ltd., Miltownmore, Fethard, Co. Tipperary is applying to the Environmental Protection Agency (EPA) for an Industrial Emissions Licence to replace its existing Waste Licence W0270-01 for its composting facility at Miltownmore, Fethard, Co. Tipperary (ITM coordinates - 615687E, 633475N). It is intended to increase the daily organic waste throughput at the facility to 160 tonnes per day to a maximum of 50,000 tonnes per annum. It is also intended that the licence application will include for the use of an existing Integrated Constructed Wetland (ICW) system for accepting surface water runoff from facility roofs and non-process yard surfaces.

The Class and nature of the industrial emissions directive activity in accordance with the First Schedule to the EPA Act of 1992, as amended, is:

**11.4(b) Recovery, or a mix of recovery and disposal, of non-hazardous waste with a capacity exceeding 75 tonnes per day involving one or more of the following activities, (other than activities to which the Urban Waste Water Treatment Regulations 2001(S.I. No. 254 of 2001) apply:**

- (i) biological treatment
- (ii) pre-treatment of waste for incineration or co-incineration

An Environmental Impact Statement and any further information relating to the effects on the environment of the emissions from the activity which may be furnished to the Agency in the course of the Agency's consideration of the application will be available on the Agency's website or at the headquarters of the Agency. A copy of the Environmental Impact Statement has also been submitted to Tipperary County Council Planning Department. A copy of the Industrial Emissions Licence application may be inspected on the Agency's website or inspected at or obtained from the headquarters of the Agency as soon as is practicable after the receipt by the Agency of the application of the licence.
