

Industrial Emissions Licence Application

Connolly's RED MILLS

Application Ref. – LA001443

Section 9.1 – Accident Prevention Measures

Environmental Liability Risk Assessment (ELRA)

The site has been operational for over 100 years. There has not been a costed environmental liabilities risk assessment (ELRA) completed for the facility as part of the site application. It is intended that an ELRA would be completed for the site as part of the conditions set down in the new Industrial Emissions Licence for the facility.

Red Mills will complete the ELRA in accordance with the *Environmental Protection Agency's Guidance on Assessing and Costing Environmental Liabilities* (2014).
