To whom it concerns,

I refer to the Agency's request for a second extension of the appropriate period by which it must issue a proposed determination to the 15<sup>th</sup> May 2018. Our consent to the first extension was conditional on the proposed determination being made on or before the 13<sup>th</sup> March. This was based on our understanding the Agency needed time to assess the response to the Agency's final Regulation 10 Notice. We note that the response was submitted on 18<sup>th</sup> October 2017, five months ago. In this context and, as it appears there is no guarantee that a determination will be made by the 15<sup>th</sup> May 2018, we do not consent to this requested extension.

Kind regards,
