TECHNICAL AMENDMENT B
TO
INDUSTRIAL EMISSIONS LICENCE

Licence Register Number:	W0232-01
Company Registration Number:	399060
Licensee:	Dublin Waste to Energy Limited
Location of Installation:	Pigeon House Road Poolbeg Dublin 4

Reasons for the Decision

The Environmental Protection Agency is satisfied, on the basis of the information available, that subject to compliance with the conditions of licence register number W0232-01 granted on 1 December 2008 and amended on 7 January 2014 and 11 April 2017 as well as any amendments noted herein, any emissions from the activity will comply with and not contravene any of the requirements of Section 83(5) of the Environmental Protection Agency Act 1992 as amended.

A screening for Appropriate Assessment was undertaken to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on any European Site. In this context, particular attention was paid to the European Sites at South Dublin Bay SAC [000210], North Dublin Bay SAC [000206], South Dublin Bay and River Tolka Estuary SPA [004024], North Bull Island SPA [004006], Howth Head SAC [000202], Rockabill to Dalkey Island SAC [003000] and Howth Head Coast SPA [004113].

The activity is not directly connected with or necessary to the management of any European Site and the Agency considered, for the reasons set out below, that it can be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects, will have a significant effect on any European Site and accordingly determined that an Appropriate Assessment of the activity was not required. The reason for the determination is as follows: The amendment to interpretation of monitoring results under the licence will not have a significant effect on any European site.

Henceforth, the licence shall be read in conjunction with a Section 76A(11) amendment issued on 7 January 2014 and Amendment A issued on 11 April 2017 and the amendment set out below.

This technical amendment is limited to the following:
