Dear Mr Naughton

I refer to your emails to the Agency dated 9 May 2018 and 17 May 2018 refusing consent to extend the appropriate period by which the EPA must issue a proposed determination.

As previously stated the EPA is currently processing a high number of applications for industrial emission licences. We are working to process all applications as quickly as possible with the current resources available. Applications are being processed on a priority basis. Our decisions are made subject to completing all the required environmental assessments and the development of appropriate measures to ensure that licence conditions prevent pollution and ensure that best available techniques are applied.

I can advise that your application is under assessment and it is planned to issue a decision as soon as possible.

Yours sincerely

Dr Karen Creed  
Senior Inspector  
Environmental Licensing Programme  
Office of Environmental Sustainability
