Re: Application for Continued Operation of Landfilling Activities and an increase in waste acceptance at Powerstown Landfill, Powerstown Co. Carlow

Dear Sir/Madam

In accordance with Section 175/Section 177AE of the Planning and Development Act 2000, as amended, Carlow County Council gives notice of its intention to make an application for approval to An Bord Pleanála in relation to the existing non-hazardous waste landfill, in the townland of Powerstown, County Carlow. The application is for the continued operation of landfilling activities which will allow filling of the remaining constructed void space at the landfill. Other infrastructure on-site includes a civic amenity facility, site offices, leachate and gas management systems, weighbridge and ancillary structures. The application is also for increasing the maximum annual waste input from 40,000 tonnes per annum to 50,000 tonnes per annum. It is not proposed to develop extra cells or to create extra landfill capacity.

The following planning documentation is enclosed herewith in support of this application:

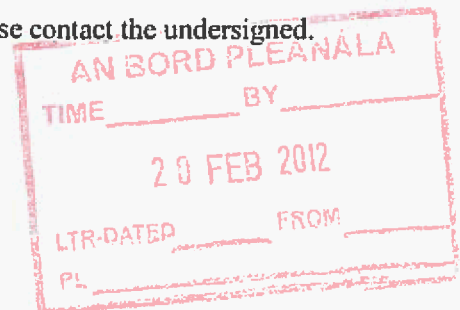

- 3 no. hard copies of the EIS (3 volumes)
- 1 electronic copy of the application (CD)
- 1 no. copy (original) of the newspaper notices for the proposed development
- 1 no. copy of agreement with land owner for adjacent buffer zone
- Receipt of Electronic Funds Transfer from Carlow County Council to An Bord Pleanála
- A schedule of the bodies to which the documentation has been submitted, a copy of the cover letter which accompanied same and proof of postage.

Please note that all consultees were contacted in advance of sending the application and requested the above documentation be sent in electronic format.

Should you have any queries in relation to this application, please contact the undersigned.

Yours faithfully,

The application is also for increasing the maximum annual waste input from 40,000 tonnes per annum to 50,000 tonnes per annum. It is not proposed to develop extra cells or to create extra landfill capacity.

The proposed development relates to an activity covered by waste licence (No. W0025-03) issued by the Environmental Protection Agency. A review of this waste licence will be required for the proposed increase in waste throughput.

An Environmental Impact Statement (EIS) and a Natura Impact Statement (NIS) have been prepared in respect of the proposed development, copies of which have been enclosed for your information.

Please note that An Bord Pleanála following its consideration of the application may give approval to the application for development with or without conditions or may refuse the application for development.

The application is also for increasing the maximum annual waste input from 40,000 tonnes per annum to 50,000 tonnes per annum. It is not proposed to develop extra cells or to create extra landfill capacity.

The proposed development relates to an activity covered by waste licence (No. W0025-03) issued by the Environmental Protection Agency. A review of this waste licence will be required for the proposed increase in waste throughput.

An Environmental Impact Statement (EIS) and a Natura Impact Statement (NIS) have been prepared in respect of the proposed development, copies of which have been enclosed for your information.

Please note that An Bord Pleanála following its consideration of the application may give approval to the application for development with or without conditions or may refuse the application for development.

RE: Notice to Prescribed Bodies - Notice of an Application to An Bord Pleanála for Approval of a Strategic Infrastructure Development - Powerstown Landfill, Powerstown, Co. Carlow

Dear Mr. Barry,

Please be advised that in accordance with Section 175/Section 177AE of the Planning and Development Act 2000, as amended, Carlow County Council gives notice of its intention to make an application for approval to An Bord Pleanála in relation to the existing non-hazardous waste landfill, in the townland of Powerstown, County Carlow. The application is for the continued operation of landfilling activities which will allow filling of the remaining constructed void space at the landfill. Other infrastructure on-site includes a civic amenity facility, site offices, leachate and gas management systems, weighbridge and ancillary structures. The application is also for increasing the maximum annual waste input from 40,000 tonnes per annum to 50,000 tonnes per annum. It is not proposed to develop extra cells or to create extra landfill capacity.

The proposed development relates to an activity covered by waste licence (No. W0025-03) issued by the Environmental Protection Agency. A review of this waste licence will be required for the proposed increase in waste throughput.

An Environmental Impact Statement (EIS) and a Natura Impact Statement (NIS) have been prepared in respect of the proposed development, copies of which have been enclosed for your information.

Please note that An Bord Pleanála following its consideration of the application may give approval to the application for development with or without conditions or may refuse the application for development.
