RESOURCE USE**

**ENVIRONMENTAL LICENSING PROGRAMME
MEMORANDUM**

TO: Frank Clinton, Programme Manager

FROM: Ana Bolger

DATE: 24/02/15

RE: Clerical Amendment in accordance with Section 96(1)(a) of the EPA Act 1992, as amended, to IE Licence Register No. W0282-01, Glanpower Limited for a facility located at Derryclure Energy Centre, Derryclure, Tullamore, County Offaly.

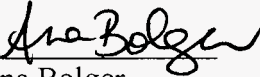

Background

An Industrial Emissions licence was granted to Glanpower Limited on 16th December 2014.

A clerical amendment is required to be made to the licence due to the fact that a clerical error has come to light in the Notification of Decision in the licence. The clerical error shows the classes of activity as those specified in Annex 1 of the Industrial Emissions Directive instead of those specified in the First Schedule to the EPA Act 1992, as amended.

Recommendation

I recommend that the amendment to the licence be approved as set out in the attached Recommended Clerical Amendment.
