Enter the details of your return to the EPA below:

To whom it concerns,
Please find attached a draft revised Environmental Liabilities Risk Assessment for the Tullamore.
This revised ELRA was required following the revision of the Sites waste Licence which facilitated the increase in overall tonnage accepted to the facility to 60,000tpa. We request the Agency reviews the attached and we are available to meet/discuss further at your convenience.
Yours faithfully,
Charlotte Greene
Environmental Officer
