Re: Application for Licence Reg No: W0183-01

Dear Ms Richards,

I refer to the Agency's letter dated 25th April 2017 in accordance with Regulation 7 of the EPA (Industrial Emissions) (Licensing) Regulations 2013 requesting the publication of a newspaper notice and the erection of a site notice in accordance with the exact requirements of the Regulations 5 and 6. Original and hard copies of the newspaper and site notices are enclosed, along with two copies of the files in electronic searchable PDF format on CD-Rom. The content of the electronic files is a true copy of the notices.

For inspection purposes only.
Consent of copyright owner required for any other use.

LEGAL NOTICES

APPLICATION TO THE ENVIRONMENTAL PROTECTION AGENCY FOR THE REVIEW OF A LICENCE

Starrus Eco Holding Ltd (SEHL), Fassaroe, Bray, County Wicklow is applying to the Environmental Protection Agency (EPA) for a review of Industrial Emissions Licence (W0183-01) for its existing installation at Millennium Business Park, Cappagh Road, Grange, Ballycoolin, Dublin 11 Eircode D11 PN52. It is proposed to accept and process 130,000 tonnes of non-hazardous incinerator bottom ash from the Dublin Waste to Energy Ltd plant at Poolbeg, Dublin. The processing will involve the removal of the ferrous and non-ferrous metals so as to facilitate the further treatment of the bottom ash. There will be no change to the total quantity of waste accepted annually.

The class and nature of the industrial emissions directive activity in accordance with the First Schedule to the Act of 1992, as amended are:

11.1 The recovery or disposal of waste in a facility, within the meaning of the Act of 1996, which facility is connected or associated with another activity specified in this Schedule in respect of which a licence or revised licence under Part IV is in force or in respect of which a licence under the said Part is or will be required;

11.4.(b) Recovery, or a mix of recovery and disposal, of non-hazardous waste with a capacity exceeding 75 tonnes per day involving one or more of the following activities, (other than activities to which the Urban Waste Water Treatment Regulations 2001 (S.I. No. 254 of 2001) apply):

- (i) biological treatment;
- (ii) pre-treatment of waste for incineration or co-incineration;
- (iii) treatment of slags and ashes;
- (iv) treatment in shredders of metal waste, including waste electrical and electronic equipment and end-of-life vehicles and their components.

A copy of the application for the licence may be inspected on the Agency's website or inspected at or obtained from the headquarters of the Agency as soon as is practicable after the receipt by the Agency of the application for the licence.

Information purposes only. Copyright owner required for any other use.
