Subject: Tipperary Town Historic Landfill: EI Appointment Competent Persons

Dear Magnus,

Many thanks for your call earlier.

In relation to your request, please find a letter from Engineers Ireland confirming my appointment to the Landfill Register.

Further in relation to your request for a revised Tier III assessment of the site with respect to the updated monitoring data available, please be advised that this is now on the agenda of a team meeting scheduled for this Friday with our client Tipperary Co Co.

Either myself or TCC will confirm arrangements with you subsequent to this meeting.

I trust this meets with your approval, please do not hesitate to contact me should you require any further information.

Regards

James O'Neill
Senior Engineer

**Re: Register of Chartered Engineers for Historic Landfill Register accordance with
Section 2.3 of Code of Practice: Environmental Risk Assessment for Unregulated
Waste Disposal Sites (EPA, 2007)**

Dear Mr O'Neill,

This letter confirms that your recent application to be included on the Register of Chartered Engineers – Historic Landfill Register was successful. The period of inclusion on the register is from April 3rd 2018 initially for a one year period.

Please note that the Engineers Ireland website is currently being re-designed so it may not be updated for a while. Also the process for inclusion on all registers is being reviewed and there will be communication on that at a later date.

Engineers Ireland confirms that you are a Chartered Engineer in good standing and has been assessed as a person who is qualified, trained and experienced to the standard set out in Section 2.3 of Code of Practice: Environmental Risk Assessment for Unregulated Waste Disposal Sites (EPA, 2007).

Yours sincerely,

A handwritten signature in dark ink, appearing to read "Damien Owens".

Damien Owens
Registrar,
Engineers Ireland
