Subject: RE: Tipperary Town Closed landfill Site Map

Dear Kieran,

Thanks for the response. I called and left a message. There are so many boundaries in the drawings. Provide a drawing with clearly drawn and identified boundary line(s) using appropriate map legend.

Best regards

Magnus

Subject: Tipperary Town Closed landfill Site Map

Dear Magnus, Dear Eve,

I refer to the emails communication below with Mrs. Anne Peters A/S.E.E., wherein the EPA are seeking an improved, clearer site map.

I attach Attachment C1 Site Boundary, from the 2011 Certificate of Authorisation application. I also attach an updated Attachment C.1 with site boundary and indicative footprint of remedial works as a pink dotted line.

I have also attached an extract of Figure 3.1 (of the AA Screening Report June 2018 (page 13) and the Addendum, Tier 3, Environmental Risk Assessment September 2018 (page 10)), for the Tipperary Town Closed Landfill showing the:

- landfill boundary in solid red line, and,
- indicative footprint of remediation works in broken pink outline,

along with current adjoining land use which is predominantly agricultural grassland (GA1) or marshland.

The current surrounding land-use is consistent with the aerial photograph below.

Is this sufficient to answer your queries from 09th October 2018?

Yours sincerely

Kieran McKenna

Subject: [External] Site Map
Importance: High

Anne,

Following our telephone discussion this morning, I would require an improved, clearer site map. 'Attachment C.1 Site Boundary' submitted with the original Application Form for Tipperary Town Closed Landfill should be modified / updated to clearly show the site boundary in red or blue outline, and current surrounding land use.

Best regards

Magnus
