AA Screening Determination:

That the **proposed activity** is not directly connected with or necessary to the management of any European site and that it cannot be excluded, on the basis of objective information, that the **proposed activity**, individually or in combination with other plans or projects, will have a significant effect on any European site and accordingly determined that an Appropriate Assessment of the **proposed activity** is required, **and for this reason determined to require the applicant to submit a Natura Impact Statement.**

This determination has been made based on the hydrological connectivity and the distance to European sites.
