Reg. No. W0270-02

Dear Sir/Madam,

As we had hoped to have the license in place by the end of 2018, we are disappointed that at this stage it is not going to happen, as it is a full year since the original application was sent in to the Agency, it is therefore with regret that we consent to your request to extend the appropriate period by which the Agency must issue a proposed determination to 31/03/2019

Yours Sincerely

Derry Murphy
Facility Manager
