Application to the Environmental Protection Agency for a Waste Licence GLV Bay Lane Limited gives notice that a waste licence is being sought in respect of a proposed inert soil and stone waste recovery activity on lands at Bay Lane Quarry, Bay Lane, County Dublin. National Grid Reference, E 309667 N 243057. The proposal is to restore a quarry to a contoured landform that will be in keeping with the surrounding landscape and with previous site condition. The proposed lifetime input volume is approximately 740,000 m³. Estimated lifetime of the operation is approximately 30 months. Proposed input materials are inert soil and stones for site restoration. Only input materials that have been pre-screened to demonstrate exclusion of non-inert soil and stone will be accepted at the facility. Temporary stockpiling of topsoil and subsoil is proposed. Site plant will include a bulldozer, loading shovel, weigh-bridge, wheel-wash and temporary site offices. The proposed classes of activity, as per the Fourth Schedule the Waste Management Act 1996 are: (Principal activity) R5 Recycling/reclamation of other inert
