Dear Sir/Madam,

**APPLICATION TO THE ENVIRONMENTAL PROTECTION AGENCY FOR A WASTE LICENCE IN RESPECT OF A SOIL WASTE RECOVERY FACILITY AT BAY LANE QUARRY, ST MARGARETS, COUNTY DUBLIN**

In accordance with Article 9 (1) of the Waste Management (Licensing) Regulations 2004, as amended, we write on behalf of our Client, GLV Bay Lane Limited to give written notice of the following application to the Environmental Protection Agency (EPA) for a waste licence in respect of a proposed inert soil and stone waste recovery activity on lands at Bay Lane Quarry, Bay Lane, County Dublin.

**Application to the Environmental Protection Agency for a Waste Licence**

GLV Bay Lane Limited gives notice that a waste licence is being sought in respect of a proposed inert soil and stone waste recovery activity on lands at Bay Lane Quarry, Bay Lane, County Dublin. National Grid Reference, E309667 N243057.

The proposal is to restore a quarry to a contoured landform that will be in keeping with the surrounding landscape and with previous site condition. The proposed lifetime input volume is approximately 740,000 m<sup>3</sup>. Estimated lifetime of the operation is approximately 30 months. Proposed input materials are inert soil and stones for site restoration. Only input materials that have been pre-screened to demonstrate exclusion of non-inert construction and demolition waste will be accepted at the facility. Temporary stockpiling of topsoil and subsoil is proposed. Site plant will include a bulldozer, loading shovel, weighbridge, wheel-wash and temporary site offices.

The proposed classes of activity, as per the Fourth Schedule the Waste Management Act 1996 are:

- R5 Recycling/reclamation of other inorganic materials, which includes soil cleaning resulting in recovery of the soil and recycling of inorganic construction materials (this is the Principal activity).
- R13 Storage of waste pending any of the operations numbered R 1 to R 12 (excluding temporary storage (being preliminary storage according to the definition of 'collection' in section 5(1)), pending collection, on the site where the waste is produced).

A copy of the application for a waste licence, the environmental impact assessment report, and such further information relating to the application as may be furnished to the Agency in the course of the Agency's consideration will, as soon as is practicable after receipt by the Agency, be available for inspection or purchase at the headquarters of the Agency.
