TECHNICAL AMENDMENT C
TO
INDUSTRIAL EMISSIONS LICENCE

Licence Register Number:	W0232-01
Company Registration Number:	399060
Licensee:	Dublin Waste to Energy Limited
Location of Installation:	Pigeon House Road Poolbeg Dublin 4

Reasons for the Decision

The Environmental Protection Agency is satisfied, on the basis of the information available, that subject to compliance with the conditions of Licence Reg. No. W0232-01 granted on 1 December 2008, (and amended on 27 March 2018, 11 April 2017 and 7 January 2014) as well as any amendments noted herein, any emissions from the activity will comply with and not contravene any of the requirements of Section 83(5) of the Environmental Protection Agency Act 1992 as amended.

A screening for Appropriate Assessment was undertaken to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on any European Site. In this context, particular attention was paid to the European Site(s) listed in Appendix 1.

The activity is not directly connected with or necessary to the management of any European Site and the Agency considered, for the reasons set out below, that it can be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects, will have a significant effect on any European Site and accordingly determined that an Appropriate Assessment of the activity was not required. This determination is based on the fact that the proposed amendment will not result in a material change to the nature of the discharges or the activity.

Technical Amendment

In pursuance of the powers conferred on it by Section 96(1)(c) of the Environmental Protection Agency Act 1992 as amended, the Agency amends the licence, granted to Dublin Waste to Energy Limited, Arthur Cox Building, Earlsfort Terrace, Dublin 2, for an installation located at Pigeon House Road, Poolbeg, Dublin 4.
