

EIA Screening Determination

In accordance with Section 83(2A) of the EPA Act 1992, as amended, the Agency has, as part of its consideration of the Industrial Emissions licence application review referenced below, determined whether the application should be made subject to an Environmental Impact Assessment (EIA) as respects the matters that come within the functions of the Agency. The determination, and the reasons for the determination, are detailed below.

Licence Application Details:

Reg No.	W0185-02
Applicant Name:	Rilta Environmental
Location of installation:	Block 402, Grant Drive, Greenogue Business Park, Rathcoole, Dublin
Licence Application Date:	31/07/2017
Date of EIA Screening Determination:	13/05/2019

EIA Screening Determination:

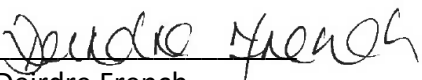

Following further consideration, the Agency has revised its EIA screening determination of 18/02/2019 (issued on 11/03/2019) to reflect the original screening determination of 28/09/2017, as follows:

EIA, as respects the matters that come within the functions of the Agency, is required for the activity to which the above licence application relates.

Having considered the information provided by the applicant, it has been determined that the activity constitutes a project to which the EIA Directive applies and is likely to give rise to significant effects on the environment by virtue of its nature, size and location.

The activity exceeds the following threshold in Schedule 5 of the Planning and Development Regulations 2001 as amended:

- *11.(b) Installations for the disposal of waste with an annual intake greater than 25,000 tonnes not included in Part 1 of this Schedule.*
