Yes, I expect that should be sufficient.

Thanks for your email Caitriona,

In terms of providing confirmation of the fee waiver applied for the hazardous waste, is it sufficient to provide this email correspondence with the application?

Regards,

Robert

Robert,

Further to your subsequent enquiry below, it is the Agency's view that the fees required are as per the email below (Tue 26 Mar 15.54), referencing the Director decision.

Regards,
Caitriona Collins

Subject: RE: Payments for Dublin City Council Waste Licence Applications

Hi Noeleen,

Thank you for your email yesterday and as per our phone call just now, please see below basis of calculation of the fee for each Waste Licence Application:

- 3.3 The disposal of waste (other than hazardous waste) at a facility (other than a landfill facility) where the annual intake is less than 25,000 tonnes. - €10,000

As per your below email, the Agency has determined that a €15,000 fee (allowing for 50%) waiver is payable given the proposed hazardous waste activity – my understanding as per Section 40 (2) of the Waste Management (Licensing) Regulations 2004 is that this €15,000 fee would replace the above €10,000 fee on the basis of it being the “highest of the fees specified”. Therefore the fee payable for the ‘disposal’ activity would be €15,000.

As per the Licence Application form, two fees are payable where the proposed activities includes both recovery and disposal, as will be the case at this facility. Therefore, the following would apply:

- 4. The recovery of waste. - €10,000

My calculation, based on the above is that the correct fee would now be €25,000 for each application. Can you please confirm?

Also, the Licence Application Form requires us to “Upload a copy of fee waiver document received from the EPA” is it sufficient to upload a copy of this email correspondence to satisfy this requirement?

Regards,

Robert

Dear Robert & Sharon

The Director of the Office of Environmental has considered the fees for your proposed waste licence applications for North City Operations Depot and Ballymun Recycling Centre and advises as follows:

A fee of €30,000 is applicable to each site, given the proposed hazardous waste activity. However, the Agency is waiving 50% of the fees relating to the proposed hazardous waste activity (i.e. €15,000) in the case of the two waste licence applications and wish to advise that the total application fee for each application will be €35,000.

The Agency does not issue invoices for application fees as these are set down in legislation.

Kind Regards

Noeleen Keavey

Subject: Payments for Dublin City Council Waste Licence Applications

Hi

I approved two Purchase Orders this morning for the payment by Dublin City Council of €20,000 each for the following licence application:

- LA003612 – Ballymun Recycling Centre
- LA003614 – North City Operations Depot

I understand that the next step is for the EPA to issue invoices. In doing so, can I please request that two separate invoices are issued – one for each licence applications.

If you have any queries regarding this matter please do not hesitate to contact me.

Regards,

Sharon
