Based on your responses to the forgoing questions, the recommended option is for you to submit a Request for Approval of your proposed change, under Condition 1 of your licence, to the Office of Environmental Enforcement. This 'Request for Approval' should be submitted to your OEE regional team via the 'Request Alteration' which can be accessed via your EDEN log-in in the LMA application.

By selecting the 'Proceed' button within the 'Request Alteration' option, you will find your proposed change listed in the 'Saved Application' list. By choosing the 'Request for Approval' option in this application, you will be directed to complete a 'Licensee Return' to request approval from OEE.

Proposed Alteration Description

Application to reduce the area of the facility as shown on the attached Drawing. This area of land has never been used by the facility and is not intended to be used in the future therefore, we would like to remove it from within our facility boundary.

The OEE have carried out an Exit Audit and see no reason why this request cannot be accommodated.

Priority	3. Urgent
Category of Amendment	(c) Otherwise facilitating the operation of the licence (or certificate) and the making of the amendment does not result in the relevant requirements of section 83(5) of the EPA Act as amended/ section 42B(1) of the Waste Management Act as amended/environmental requirements ceasing to be satisfied
