Mrs. Charelene Rooney

On behalf of AbbVie Ireland NL B.V.

19/09/2019

Reg. No.: P1087-01

Regulation 10(2)(b)(ii) of the EPA (Industrial Emissions) (Licensing) Regulations 2013, in respect of a licence application from AbbVie Ireland NL B.V. for an installation located at AbbVie Ireland NL B.V., Old Bundoran Road, Ballytivnan, Sligo, F91 K735

Dear Sir or Madam,

I refer to the application for a licence received by the EPA on 05 September 2018.

Having examined the documentation submitted, I am to advise that the Agency is of the view that the documentation does not comply with the above mentioned legislation. You are therefore requested, in accordance with the regulations, to supply the information detailed below.

1. The *Medium Combustion Plant Regulations 2017* (SI595/2017) specifies an emission limit of 35 mg/Nm³ for SO₂ for *gaseous fuels other than natural gas*. Provide an updated air dispersion model to determine the impact of the LPG boilers SO₂ emissions from your installation (Regulation 9(2)(k)).

In addition to the above, please also provide an updated non-technical summary (Application Form, and EIS where applicable) to reflect the information provided in your reply, insofar as that information impinges on the non-technical summary.

The requested information should be submitted to the Agency within *four weeks* of the date of this notice, in order to allow the Agency to process and determine your application.

It should be noted that the eight-week period within which the Agency is to decide the proposed determination will commence on the day on which this notice has been complied with. If you have any further queries please contact licensing@epa.ie.

In the case where any drawings already submitted are subject to revision consequent on this request, a revised drawing should be prepared in each case. It is not sufficient to annotate the original drawing with a textual correction. Where such revised drawings are submitted,

provide a list of drawing titles, drawing numbers and revision status, which correlates the revised drawings with the superseded versions.

Your response to this request is to be submitted via EDEN. Guidance on how to use this portal is available on the EPA website at <http://www.epa.ie/pubs/forms/lic/industrial%20emissions/licenceapplicationformguidance.html>.

Please direct any queries to licensing@epa.ie.

Yours faithfully,
Jennifer Cope
