### AA Screening Determination:

That the proposed activities are not directly connected with or necessary to the management of any European site and that it can be excluded, on the basis of objective information, that the proposed activities, individually or in combination with other plans or projects, will have a significant effect on any European site and accordingly determined that an Appropriate Assessment of the proposed activities was not required.

This determination is based on the following:

- There is no hydrological connectivity between the storm water discharges from the facility and the surface waters of the European Sites.
- There are no point source emissions to air from the facility.
