

## Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 as amended, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity individually or in combination with other plans or projects is likely to have a significant effect on a European Site. In this context, particular attention was paid to the European Site listed below.

### AA Screening Determination:

That the proposed activity is not directly connected with or necessary to the management of any European site and that it cannot be excluded, on the basis of objective information, that the proposed activity individually or in combination with other plans or projects, will have a significant effect on any European site and accordingly determined that an Appropriate Assessment of the proposed activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

The determination is based on the possibility that significant effects are likely as a result of the hydrological connectivity from the installation through the Charleville Wood SAC (Site Code: 000571).
