Dear Sir,

I refer to the Environmental Impact Statement (EIS), dated November 2011, submitted as part of your licence review which was received on 11 June 2018.

The Environmental Impact Assessment Report (EIAR) should be submitted to the Agency not later than 4 months of the date of this notice, in order to allow the Agency to process and determine your application in a timely manner.

In addition to the above please also provide an updated non-technical summary to reflect the information provided in your reply.

It should be noted that the eight-week period within which the Agency is to decide the proposed determination cannot commence until this notice has been complied with.

Your response to this request is to be submitted via EDEN. Guidance on how to use this portal is available on the EPA website at <http://www.epa.ie/pubs/forms/lic/industrial%20emissions/licenceapplicationformguidance.html>.
