Dear Sir or Madam,

I refer to our waste licence reference number W0241-01. The licence is due to expire on the 1st June 2019 as the site activity has not yet commenced.

The proposed facility remains an important strategic infrastructure for the Southeast region. We hope to begin construction within the next 2 years with operation thereafter.

We are in the process of applying for a new Planning Permission for this proposed facility (this Planning Permission will have no impact on the current licenced activities or operations).

We therefore request an extension of 3 years for this current licence expiring on the 1st June 2022.

We look forward in hearing from you with your decision.

Kind Regards,

David Naughton.

Group Environmental Manager.
