TECHNICAL AMENDMENT A
TO
INDUSTRIAL EMISSIONS LICENCE

Licence Register Number:	W0261-02
Company Registration Number:	527552
Licensee:	Starrus Eco Holdings Limited
Location of Installation:	Cappagh Road Cappogue Finglas Dublin 11

Reasons for the Decision

The Environmental Protection Agency is satisfied, on the basis of the information available, that subject to compliance with the conditions of Licence Reg. No. W0261-02 granted on the 11th February 2015 as well as any amendments noted herein, any emissions from the activity will comply with and not contravene any of the requirements of Section 83(5) of the Environmental Protection Agency Act 1992 as amended.

A screening for Appropriate Assessment was undertaken to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on any European Site. In this context, particular attention was paid to the European Site(s) at Rye Water Valley/Carton SAC, Malahide Estuary SAC, South Dublin Bay SAC, North Dublin Bay SAC, Baldoyle Bay SAC, Rogerstown Estuary SAC, South Dublin Bay and River Tolka Estuary SPA, Malahide Estuary SPA, North Bull Island SPA and Baldoyle Bay SPA.

The activity is not directly connected with or necessary to the management of any European Site and the Agency considered, for the reasons set out below, that it can be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects, will have a significant effect on any European Site and accordingly determined that an Appropriate Assessment of the activity was not required. This determination is based on the fact that the recommended amendments will not result in a material change to the nature of the discharges from the agglomeration.
