Dear Sir/Madam,

I refer to EPA correspondence dated 1st July 2019 regarding an application from Dublin Waste to Energy Limited for their facility located at Pigeon House Road, Poolbeg Peninsula, Dublin 4, D04 N2P2 for an Industrial Emissions Licence.

Irish Water have assessed IE licence application W0232-02 and have determined that the applicant is not proposing, as part of the application, to provide for the discharge of process effluent / "trade effluent" to the sewer.

Irish Water are therefore satisfied that Dublin Waste to Energy Limited do not require Irish Water's consent to discharge to sewer in accordance with Section 99E of the EPA Act 1992, as amended, as they do not produce a "trade effluent" emission to sewer.

I trust this response satisfies Irish Water's requirement pursuant to your notice.

If you have any further queries, please do not hesitate to contact Irish Water.

Yours sincerely
