### AA Screening Determination:

That the activities are not directly connected with or necessary to the management of any European site and that it cannot be excluded, on the basis of objective information, that the activities, individually or in combination with other plans or projects, will have a significant effect on any European site and accordingly determined that an Appropriate Assessment of the activities is required.

This determination is based on the nature and scale of the activities, the proximity and hydrological connection of the facility to a number of European sites and the potential effects the activities may have on European Sites and their qualifying interests.
