Subject: RE: Killycard Historical Landfill COA application.

Hi Eva,

I refer to our conversation this morning in relation to Killycard Historical landfill. I can confirm that any leachate generated on site will be collected in the underground sump as detailed in the COA application.

This leachate in turn will be tankered to Monaghan Waste Water Treatment plant for subsequent treatment.

Monaghan WWTP is currently licenced by the EPA through D0061-01.

In practice though our consultants Fehily Timoney and Co expect very little if any leachate to be generated on site.

Regards

Kieran Duffy
