WASTE WATER DISCHARGE LICENCE TECHNICAL AMENDMENT B

Licence Register Number:	D0056-01
Licensee:	Irish Water
Company Registration Number:	530363
Agglomeration:	Midleton

Reasons for the Decision

The Environmental Protection Agency (the Agency) is satisfied, on the basis of the information available, that subject to compliance with the conditions of Licence Reg. No. D0056-01 granted on the 6th January 2011, (and amended on the 19th December 2016) as well as any amendments noted herein, any discharge from the activity will comply with and not contravene any of the requirements of Regulation 6(3) of the Waste Water Discharge (Authorisation) Regulations 2007 as amended.

A screening for Appropriate Assessment was undertaken to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on any European Site. In this context, particular attention was paid to the European Sites at Cork Harbour SPA and Great Island Channel SAC.

The activity is not directly connected with or necessary to the management of any European Site and the Agency considered, for the reasons set out below, that it can be excluded, on the basis of objective information, that the activity, individually or in combination with other plans or projects, will have a significant effect on any European Site and accordingly determined that an Appropriate Assessment of the activity was not required.

The proposed amendment does not result in the Midleton agglomeration having a population equivalent higher than the population equivalent in respect of which this licence was granted. Consequently, there is no material change to the discharges from the waste water works to which the licence relates.

Technical Amendment

In pursuance of the powers conferred on it by Regulation 33(1)(c) of the Waste Water Discharge (Authorisation) Regulations 2007 as amended, the Agency amends Licence Reg. No. D0056-01, granted to Irish Water, Colvill House, 24/26 Talbot Street, Dublin 1, CRO Number 530363, for an agglomeration named Midleton.

Henceforth, the licence shall be read in conjunction with the amendment set out below.

This Technical Amendment is limited to the following Condition of Licence Reg. No. D0056-01.

Amendments

Amend Condition 1.2, of the licence to read as follows:

- 1.2 The agglomeration is the area outlined in red on Drawing titled Midleton Agglomeration Boundary TA Application D0056-01 received on the 14th September 2020. Any reference in this licence to agglomeration shall mean the area thus outlined in red. The population equivalent for this agglomeration is limited to 18,742.

This Technical Amendment shall be cited as Amendment B to Waste Water Discharge Licence Reg. No. D0056-01 dated 6th January 2011 and is to be read in conjunction with that licence and all previous amendments.

Sealed by the seal of the Agency on this the 20th day of October, 2020
