Storm Water Monitoring

2019	SW Point A		SW Point B	
Period	COD	Nitrate	COD	Nitrate
Q1	6	30.9	12	8.5
Q2	<2	23.2	<2	25.5
Q3	8	7.2	9	10.7
Q4	11	<1	9	9.6

The above table are COD+ Nitrate results from storm water points that were analysed on a quarterly basis for 2019 which analysis were carried out from an independent laboratory.

Storm water is monitored on a weekly basis via visual inspection and a log is maintained and samples are taken on a quarterly basis and analysed in accordance with Licence Conditions.
