TECHNICAL AMENDMENT A  
TO  
INDUSTRIAL EMISSIONS LICENCE

<b>Licence Register Number:</b>	W0055-02
<b>Company Registration Number:</b>	258299
<b>Licensee:</b>	SRCL Limited
<b>Location of Installation:</b>	430 Beech Road Western Industrial Estate Naas Road Dublin 12

## ***Reasons for the Decision***

The Environmental Protection Agency is satisfied, on the basis of the information available, that subject to compliance with the conditions of Licence Reg. No. W0055-02 granted on the 24<sup>th</sup> January 2006, (and amended on the 31<sup>st</sup> December 2013) as well as any amendments noted herein, any emissions from the activity will comply with and not contravene any of the requirements of Section 83(5) of the Environmental Protection Agency Act 1992 as amended.

A screening for Appropriate Assessment was undertaken to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activities, individually or in combination with other plans or projects are likely to have a significant effect on any European Site. In this context, particular attention was paid to the European Sites at Glenasmole Valley SAC (001209), Wicklow Mountains SAC (002122), Rye Water Valley/Carton SAC (001398), South Dublin Bay and River Tolka Estuary SPA (004024), South Dublin Bay SAC (000210), and Wicklow Mountains SPA (004040).

The activities are not directly connected with or necessary to the management of any European Site and the Agency considered, for the reasons set out below, that it can be excluded, on the basis of objective information, that the activities, individually or in combination with other plans or projects, will have a significant effect on any European Site and accordingly determined that an Appropriate Assessment of the activities was not required.

It has been determined that this installation is not likely to have a significant effect on the European Sites as the change does not substantially change the current nature of operations and emissions at the installation.
