Reminder in relation to the EPA (Industrial Emissions) (Licensing) Regulations 2013, in respect of a licence review from Clondrisse Pig Farm Limited for an installation located at Joristown Upper, Killucan, Westmeath, N91 HK27.

Dear Sir,

I refer to the EPA's notices of 05 December 2018 and 12 December 2019 requesting information in respect of your licence review application. It is noted that you have not responded to the notices issued.

Your prompt attention to this matter is therefore requested and a response should be submitted to the Agency within *four weeks* of the date of this notice.

It should be noted that failure to comply with this request may result in the EPA activating Regulation 19 of the EPA (Industrial Emissions)(Licensing) Regulations 2013 which pertains to Withdrawal or Abandonment of application for a licence. Have regard in particular to:

(2) Where the Agency is of the opinion that an application for a licence or review of a licence has been abandoned it may give to the applicant a notice stating that fact and requiring that person, within a period specified in the notice (being a period of not less than 14 or not more than 28 days beginning on the date of the giving of the notice), to make to the Agency a submission in writing as to why the application should not be regarded as having been abandoned.

(3) Where a notice has been given under paragraph (2), the Agency may, at any time after the expiration of the period specified in the notice, and after considering the submission (if any) made to the Agency pursuant to the notice, declare that the application to which the notice relates shall be regarded as having been abandoned.

Yours faithfully,
