Re: Waterford Proteins P0040-03

Ref: IE Licence Review

To whom it may concern;

The company would like to inform the EPA that we are currently collecting data and doing assessments in line with the IEL review request initiated by the Agency. We hope that the Agency will be understanding during the current pandemic that the current time line will not be met by Waterford Proteins to have all requested documentation returned to the Agency. We hope to complete this before the end of 2021. Data collection could take anywhere between 3 - 6 months.

I trust this is to the satisfaction of the Agency and if you require any further information, please do not hesitate to contact me.

Yours Sincerely,

John Durkan

Environmental Manager
