Subject: RE: FAO Ewa Babiarczyk - Mulroy Environmental Ltd. - Tullyvogheen Historic Landfill - REGULATION 7(2) COMPLIANCE REQUIREMENTS

Good morning,

I responded to this query by phone on 18th February 2021. I advised Mr. Mulroy on the Qualified Person letters and the templates for these letters available at <http://www.epa.ie/licensing/hisland/>.

Regards,
Ewa Babiarczyk

Subject: FAO Ewa Babiarczyk - Mulroy Environmental Ltd. - Tullyvogheen Historic Landfill - REGULATION 7(2) COMPLIANCE REQUIREMENTS

Tullyvogheen Historic Landfill - Notice in accordance with Regulation 7(4) of the Waste Management (Certification of Historic Unlicensed Waste Disposal and Recovery Activity) Regulations, 2008

Dear Mrs. Babiarczyk,

Please note that we are the appointed agent working on behalf of Galway C.C. with regard to an application for a certificate of authorisation for an historic landfill located at Tullyvogheen. We were forwarded your email by Colin Ryder of Galway C.C.

Galway C.C. have requested that we process the request for further information.

I have a question.

Paragraph 2 of the RFI states the following:

' 2. Provide two documents that relate to the Qualified Person as required under Section 2.3 of the EPA Code of Practice-Environmental Risk Assessment for Unregulated Waste Disposal Sites.'

Could you please clarify what '2 documents' you are referring to?

Please note that I am a Chartered Scientist through the UK Science Council and a professional member of Engineers Ireland and Institute of Professional Soil Scientists. I have received a letter from the Institute of Professional Soil Scientists (IPSS) stating their assessment of my credentials (i.e. their compliance) with regard to Section 2.3 of the Irish EPA's Code of Practice Environmental Risk Assessment for Unregulated Waste Disposal Sites. I am assuming that this is one of the documents.

Can you tell us what is the other document?

Please call if you have any questions.

Yours sincerely,

Padraic Mulroy
