Notice in accordance with Regulation 19(3) of the EPA (Industrial Emission) (Licensing) Regulations 2013 as amended, in respect of the withdrawal of a licence application from Bord na Mona Public Limited Company for an installation located at Drehid Waste Management Facility, Killinagh Upper, Naas, Kildare, W91 RC82

Dear Sir,

I refer to correspondence of 16th February 2021, notifying the EPA of your wish to withdraw your licence application which was received by the EPA on 19 December 2018.

I advise you that the contents of your request have been noted and our records updated to reflect that this licence application is regarded as being formally withdrawn. That being the case, it is no longer the function of the EPA to consider any documentation which relates to the above application.

If this installation should fall within the scope of any of the classes in the First Schedule of the EPA Act as amended at some time in the future, please note that you will be required to obtain a licence.

It should be clearly understood that the onus for lodging an application with the EPA rests with the person carrying on the activity. It should also be noted, for future reference, that it is an offence liable to prosecution to carry on an activity which requires a licence in the absence of such a licence.

Yours faithfully,

Environmental Licensing Programme
