**EPA Licence No:** P0467  
**Application Reference No:** LA004791

**RE:** Extension of deadline for the receipt of requested further information on a licence review application.

Dear Sir/Madam

Panther Environmental Solutions Ltd, acting as consultants for Woodville Pig Farms Ltd, would like to request an extension to the deadline of **13<sup>th</sup> April 2021** for the receipt of further information requested under Regulation 10 of the EPA (Industrial Emissions) (Licensing) Regulations 2013, dated 14<sup>th</sup> October 2020 and revised deadline notification dated 16<sup>th</sup> March 2021.

Due to business disruptions arising from the Covid 19 lockdown interfering the collection of information on the existing farm required in order to carry out air quality modelling, and confirming details of the proposed development design and operation which would inform the model, it has not been possible to complete the required modelling assessments within the agreed period.

We have been informed by the modelling company that the requested modelling would be completed by the 26<sup>th</sup> April 2021. Further time beyond the furnishing of this modelling report would be required in order to review the model results, and update the AA Screening report to an NIS, and update the Licence Review Application Non-Technical Summary and EIAR Non-Technical Summary based upon these results, as requested within the RFI.

We request that the deadline be extended to **14<sup>th</sup> May 2021**.

Yours faithfully
