Dear Mr. Rogers,

I refer to the request received on 26<sup>th</sup> May 2020 for a technical amendment of your EPA licence.

In order to progress your request, the following information is required:

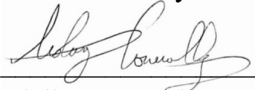

1. Provide the Article 16 Response dated 21st May 1999 (including Table E.1.3) that is referenced in condition 5.2. of the licence (W0045-01).

2. It is noted that a letter addressed to Waste licensing, received 3<sup>rd</sup> February 2021, appears to relate to this request.
- (a) Clarify if you are requesting the same change as requested in May of 2020 and if so, provide the letter as part of the response to this request for further information.
  - (b) It is noted that the waste codes requested in the letter and requested under the licence change request (No. CR07506) are not the same. Clarify what wastes codes are proposed for temporary acceptance.

You are requested to provide the above information within **two weeks** of this notice. In the absence of a response to this notification, the Agency may consider that you no longer wish to proceed with your request.
